THEOLOGICAL ALUMNI MEET AT SHAW — These are some of the Theological Alumni who met on Shaw University's campus, Wednesday, April 1, to observe their Twenty-fourth Annual Theological Alumni Day observance. Third on front row (not a theologian), is Dr. Nelson H. Harris. The 7th and 8th persons identified are speaker Dr. M. M. Fisher of Durham, and the Reverend A. D. Logan, president of the organization. (See story).

The Veterans' Corner

Here are authoritative answers by the Veterans Administration to questions from former servicemen and their families.

Q—How much is paid to a war orphan or eligible peacetime orphan taking part in the VA's Orphans Education Assistance program?

A—Students enrolled in the VA's War Orphans Education Assistance program may receive \$110 a month for up to 36 months of schooling or vocational training.

Q—I have never asked the VA for anything, but I am a war veteran. Can I get a free physical examination?

A—You can get a free examination but it will have to be in connection with your application for some sort of benefit such as hospitalization or to determine if some condition you have may be found to be service connected. A free examination cannot be had for some private purpose of your own.

Q—Some years ago, the VA denied my claim for disability pension. I am becoming increasingly worse. What steps can I take to have my claim considered again?

A—Write or visit the VA office which previously studied your claim and enclose a statement from your doctor as to the nature of your disability and its increasing severity. The VA will then send you further instructions.

GO TO CHURCH SUNDAY!

PROUD MOMENT—Mrs. Emma Bright, left, of Greensboro, who had just seen her daughter, Helen, center, receive her cap and gown at Senior Day exercises at Bennett College, chats with her and two of her friends—Misses Cassandra Bowen, of Nashville, Tenn., and Carolyn Williams, of Morganton, during banquet sponsored by sophomore class recently.

St. Augustine's Receives Two Additional Grants

An announcement from the office of the president reveals that Saint Augustine's College has received two additional grants from the National Science Foundation to support math and science programs at Saint Augustine's. This brings the total number of grants received from the Foundation to five.

The largest of the two grants is in the amount of \$5,920. The grant will be used to finance an In-Service Institute in Mathematics for 30 carefully selected secondary school teachers of mathematics, September 19, 1964, through June 30, 1965.

Those who participate in the Institute will be able to take a course in Basic Concepts of Modern Algebra the first semester and a course in Probability and Statistical Inference the second semester. Five thousand seven hundred and ten dollars has been allotted by the National Science Foundation to support an In-Service Institute in Mathematics for elementary teachers and supervisors, September 19, 1964, through June 30, 1965.

This award makes it possible for the College to bring thirty participants to the College each Saturday morning from 9:30 to 11:30 to receive instruction in Modern Mathematics as well as Basic Concepts of Informal Geometry.

Both Institutes provide a textbook allowance of \$10 for each participant and travel up to seven cents per mile.

The total amount received by the College from the National Science Foundation now stands at \$107,920. Dr. P. R. Robinson is director of both programs.

1964 POLIO DRIVE A SUCCESS

The Wake County Chapter of the National Foundation of March of Dimes, under the leadership of Myron C. Banks, campaign director, was very successful, the drive totaling over \$15,000.00. Contributions from Negro communities alone totaled over \$1,000.00. Other contributions came from ten suburban communities, theatres, door to door collections, personal donations, special gifts, coin containers and mailers.

The overall results of the 1964 campaign, now in process of closing out, also show definite increase in contributions. Those still desiring to contribute should mail their funds to March of Dimes, P. O. Box 1144, Raleigh, N. C.

Your Polio contribution has a far reaching effect. You will find below information which might give you enlightenment as to where your contribution goes.

Continuing patient aid for paralytic Polio patients who do not have insurance or other resources; Research and professional education (scholarship program) operated on a County basis; (Wake County has five scholar winners); Sponsors and supports Salk Institute for biological studies; Sponsors and supports Birth Defects Special Treatment Center at Chapel Hill; and Special Treatment Center for Arthritis now in operation at Bowman-Gray, Winston-Salem.

WHERE MONEY GOES: 25 per cent—Medical Research, remainder divided 50-50 with National Headquarters. The 50 per cent that remains in the County is spent on patient care and scholarships.

TO PHILADELPHIA — Dr. Nelson H. Harris, head of the Division of Education at Shaw University, has been invited to attend the Cooperative Manpower Conference to be held in Philadelphia, Pennsylvania on April 10, 11, and 12. Also Dr. Harris has been invited to Florida A&M University as guest professor of the Graduate School, from June 15 through August 10.

JUDO WIFE WINS CRUELTY DIVORCE CASE

LONDON — (ANI)—Mrs. Margaret Laura Lane Jacobs, 29, of Lewisham, won an interlocutory divorce degree before Justice Cairns here recently on a charge of cruelty, despite the counter-charge of her husband, William Frederick Jacobs, 32, that she is a judo expert. Jacobs accused his wife of using judo tactics on him when they got involved in family squabbles. He told the court that in an argument over a cup of coffee, he slapped her, and she promptly threw him over her head and out the door. However, Mrs. Jacobs testified that she learned judo as a protection against her husband's frequent assaults upon her. She testified with the support of witnesses that he had attacked her three times when she was pregnant.

CONVICTED BY A NOSE-PRINT
HAMILTON, Ont., Canada (ANI)—Miss Kathleen LeBlanc, 23, was once an ardent dog fancier, but all that's changed now. Miss LeBlanc was arrested by police as she walked down the street carrying a Pomeranian named "Monty" in her arms. Now Monty was part of the loot in a big robbery at a fashionable home in the city recently. In court, police produced as evidence the nose-print of the dog that had been stolen, and it matched exactly with "Monty". His owners had had him noseprinted for identification when they purchased him.
