

Street Demonstrators Demand LBJ Send Marshals To Miss.; Leaders Are Arrested

Church Chuckles by CARTWRIGHT

"How I wish I could get him as worried over his soul as he is over his golf score!"

CHICAGO (ANP) — The leader of a new, militant civil rights group known as ACT, and some 60 of his followers were arrested here last week after they staged traffic-sharpening street demonstrations on the Southside to protect President Johnson's "failure" to dispatch marshals to Mississippi to protect civil rights workers.

The leader, Lawrence Landry, who had given school board officials and city officials a rough time with two school boycotts here recently, was twice taken into custody when he rallied his followers in the demonstrations on four successive nights.

Among others arrested with Landry were Jesse Gray, 41, leader of a recent rent strike in New York's Harlem, and Stanley Branche, 30, of Chester, Pa. Earlier, Branche had accused visiting Gov. William Scriven of Pennsylvania of refusing to investigate police brutality against civil rights demonstrators in his state.

When the cops here tried to break up the protest demonstration, the demonstrators set down in the streets at various key intersections. Police had to hit them bodily into paddy wagons for the trip to the Wabash Avenue station, reported to be the busiest police station in the world. But the police warrens had just begun.

Waves of demonstrators swarmed around the station during one of the demonstrations, demanding the release of those in custody. Landry himself had at first refused bail, but later was released on \$25 bond. The amount had been set for him following his first arrest.

Wabash Police were hard put to cope with the demonstrations and re-enforcements had to be brought in from other stations.

The Wabash station is staffed predominantly by Negro policemen and is commanded by a Negro, Robert Harness.

Meanwhile, in another protest action, 13 members of the Congress of Racial Equality were arrested and ordered to stand trial later in the week, after they staged an all-night sit-in in the office of the city building commission to demand that the city institute a massive inspection and extermination program to rid buildings of rats and vermin. They were charged with disorderly conduct.

The ACT street demonstrators arrested were charged with unlawful assembly.

Malcolm X Is Chairman:

Organization Of Afro-American Unity Formed In New York City

NEW YORK CITY — On Sunday, June 28, the Organization of Afro-American Unity, organized and structured by a cross section of Afro-American people living in the United States, was formally announced to the public by its chairman, Malcolm X, at a large rally at the Audubon Ballroom in New York City.

The purpose of the Organization of Afro-American Unity is to unite Afro-Americans and their organizations around a non-sectarian constructive action program for Human Rights. This struggle for Human Rights links our struggle with the people of color throughout the world. The Organization of Afro-American Unity plans to establish contact with these people and to insist that Afro-Americans be represented at all International Conferences deal-

ing with the problems of people of color.

The OAAU has been established for all people of African descent living in the Western Hemisphere, as well as the people of the African continent.

The OAAU has a five prong program including education; politics and economics; community improvement; culture; and self-defense, as the Constitution of the United States of America clearly affirms the right of every American citizen to bear arms. The OAAU asserts that in those areas where the government is either unable or unwilling to protect the lives and property of Afro-American people, that the Afro-American people are within their rights to protect themselves by whatever means necessary.

The Organization of Afro-American Unity has its headquarters at the Hotel Theresa, New York City.

NCC Pair Will Study Next Year

DURHAM — Earl and Arthrell Sanders, members of the faculty at North Carolina College, have been granted leaves of absence to study toward doctorates in their respective fields at Indiana University during the 1964-65 school year.

Sanders, a member of the Music Department, earned B.M.E. and M.M.E. degrees from Roosevelt University and will study musicology on an Opportunity Fellowship awarded by the John Hay Whitney Foundation.

Mrs. Sanders, who teaches English, received the B.A. degree from North Carolina College and the M.A. degree from Indiana. She is recipient of a Danforth Teacher Grant for the year. Both hold the rank of assistant professors at NCC.

Wife Has Last Word In Spat; Pours Hot Grease, Boiling Water On Hubby

MILWAUKEE (ANP) — Mrs. Myrna Lee Smith, 23, didn't let her sex down when it comes to having her in an attempt to strangle her by the neck, and she emphasized it by using boiling water and hot grease.

According to police, her husband, Clifton, 23, had accused her of being with another man. During the argument, he is supposed to have tried to strangle her in an attempt to shut her up. When the argument finally ended, he went to bed. While he was asleep, Mrs. Smith boiled some water and heated some grease, and doused her husband with both liquids. Smith jumped up screaming and ran out of the house. Neighbors called police who took him to County General Hospital and

later to West Allis Memorial Hospital, where he was reported in poor condition with facial, arm and hand burns. Mrs. Smith surrendered to police and was charged with injury by conduct regardless of life. She was released on \$500 bail, pending trial in circuit court.

PEACE CORPS COST — The average cost of sending and keeping a Peace Corps volunteer overseas for a year has been \$3,078, the Catholic Digest reports. At least 5 million tons of metric dust falls on the earth every year, the Catholic Digest states. WATCH REPAIRMAN: Tick Doa. Catholic Digest—June.
