Billie Sol Estes Plans Job Opportunities For Negroes

ABILENE, Texas (UPI)—Billie Sol Estes, self-confident despite the handicap of bankruptcy and the possibility of serving a long prison term for fraudulent practices, has begun a grandiose new international business operation that he claims will open up avenues of employment for Negroes throughout the nation.
The fallen financier, whose past operations included aid to Negro churches and schools in Arkansas, Texas and Tennessee, is in the process of establishing a nationwide chain of hotels and motels, which he says Negroes will be trained to manage. He will also have a chain of facsimile "Wild West" towns for tourists and franchisees selling curries from abroad.
Estes' multi-million dollar cotton, fertilizer and grain storage empire collapsed two years ago when he was indicted on charges of swindling and conspiracy to defraud.
He said his change of heart now motivates his reentry into business. Every business he associates himself from now on, Estes told the press, "must have the potential for aiding the disadvantaged."
"I never saw the real value till after my troubles" he said. "I had been plumb wrong in emphasizing money-making for personal advantage rather than to help others to equal opportunity."

GOP Names Negro Aide To Chairman

WASHINGTON (UPI)—The Republican National Committee announced last week the appointment of Clay J. Claiborne of Atlantic City as assistant to Wayne J. Hood, director of the GOP campaign organization.
Claiborne's selection comes in the wake of widespread criticism by Negroes of the civil rights stand of Sen. Barry Goldwater, Republican candidate for President.
The 54-year-old campaign aide has been active for the past 24 years in national and state GOP activities, having recently served as a special assistant to Republican Vice Presidential candidate William E. Miller while Miller was chairman of the Republican National Committee.

Dean Burch, present chairman of the Republican National Committee, said Claiborne's appointment "emphasizes that the Goldwater-Miller campaign is interested in all the people of this country. We will undertake an effective permanent program to demonstrate that Republicans are not writing off any group of voters."
The defeat of Richard M. Nixon, the Republican Presidential candidate in 1960, has been attributed by some sources to the virtual "write-off" of the big city Negro vote.
The incident occurred at the corner of S. East and E. Davis St. Young Griffin was picked up and jailed on an assault and battery rap.

Samuel Lee Taylor, 27, of 1305 Walnut Street, told a cop at 10:35 p. m. Monday, his car was parked in the 1300 block of Walnut Street and someone "cut up the front seat." Damage to the 1961 Pontiac was estimated to be about \$38.

This incident involved Mrs. Mary Byrd of 316 S. Bloodworth Street, who told police officers she was attacked with a Coke bottle and a fist, wielded by a woman she claimed was a Miss Pearl Pulley.
However, this columnist advised Miss Pulley, of the S. Person Street address, that there are possibly many persons with her same name as hers in this city. However, a check of the files of the Raleigh Police Department revealed no one by the name of "Pearl Pulley."
