There has been recently inaugurated the greatest Railroad scheme in the world by four of the richest companies in the world. The West point Terminal and East Tennessee and Georgia Railroad company will be financed by the Rothchilds of London and Paris. The Southern railway under the stupendous reorganization will embrace 4,500 miles of road. Many millions will be expended to rebuild this great road and all will be expended along this vast road and connecting lines in the South. The whole South will feel this great stimulus and the factories and furnaces and furnaces are resuming business in every direction. The greatest railroad system on earth is now being organized in the South backed by the greatest amount of capital ever invested in railroad enterprise. More than five hundred millions of dollars are represented in this collossal enterprise. The South will soon rival the North in the textile manufacture also will produce iron ores beyond the expectations of those who have not made this matter a study The reduction of the tariff has greatly stimulated the business of production and the South will soon have the lion's share of it.

The forest fires in Minnesota have been very destructive to life and property. Villages and farm-houses have been consumed by the fire fiend and many of the people have met death by the flames. The survivors are enduring the most intense suffering for the necessaries of life, and they may have to suffer on for some time yet, as the relief committees have had more on hand than they could possibly do, although everything is being done in the way of sending in clothing, provision, etc., that will be needed and it cannot be long until all the wants of the suffering and distressed will be supplied. Many are dying from burns and injuries and for the want of immediate attention. It is estimated that it will require from three to four hundred thousand dollars to keep the destitute until business revives so as to enable them to earn their own support. We seldom read of casualities that have caused such destruction of human life and suffering with addition of so much property swept away in the flames. For many miles the devastating flames competed its work with no chance to stop their ravages. Human life as well as the brutes succumbed and went down before the monster. It is sad to read about this great havock.

On last Friday we left town and attended an Association of the Primitive Baptist church near the Watauga River in the Western part of the county. On Saturday morning there was a large congregation assembled in the grove. Rev. Stike preached the morning sermon, followed by Rev. Miller, of Ashe county, Va. Then Rev. Baldwin, of Washington county, closed the services. Strict attention and good behavior attended the services. The doctrine of the Primitive church was strongly set forth in the three sermons, which caused much comment among the people and was generally discussed as the bold words and how the preachers set forth their distinct doctrines. Answering many criticisms to be made by those who differ with the preachers and their doctrines, we consider the meeting one of politics with us. We considered it the business campaign we went to. A number of the candidates were on hand shaking hands with the dear people, but notwithstanding considering the large congregation and and the different elements both as to doctrine and politics and the bold declaration of the expounders there of we considered the crowd well poised and behavior good and we must say that the people without regard to religion or politics entertained this large crowd bountifully and with pure hospitality. When you hear our people complain of hard times they surely do not mean a scarcity of provisions for on every hand you find plenty. On Sunday Revs. Baldwin, Miller and Taylor occupied the stand. We did not attend on Sunday but learned that Rev. Taylor from Alleghany preached a very excellent sermon and was well received by all. Rev. Taylor is a man of high christian character and a man of ability. Leaving the neighborhood Sunday morning we went up Beaver Dams to Rev. J. H. Farthings and remained until evening. A very painful accident happened the daughter of Rev. Farthing, on her way to the Association on Saturday morning. She and her husband Monroe Morertz and their little babe were thrown out of the buggy by the horse running away. Mrs. Morertz had her leg broken just above the ankle, the babe and Mr. Moretz were not hurt. Mr. H. H. Farthing dressed the broken leg and placed it in proper condition and Mrs. Moretz seemed to be doing well. We called on ex-Senator Farthing and found him much improved from his recent kick by a horse. We discussed politics with our well informed friend for quite a while. We then went over to Cove Creek and next day we arrived home.

Much comment is being made by the Western Populists, about Senator Jones formerly a Republican Senator, going over to the Populist ranks. The Populists now claim that Colorado, Montana and Wyoming will elect Populist legislatures and each of these States will have a Populist Senator in place of a Republican as now. Our readers will recollect that Senator Stewart the colleague of Senator Jones, left the Republican party and joined the Populists, on account of the silver question. It seems now probably that four or five of these Western States will be lost to the Republican party for all time to come. Our North Carolina Populists are well pleased with Senator Jones' accession to their ranks. The course of Senator Jones caused a great commotion in Republican ranks, everywhere as he was one of their able Senators.

It is reported that Hon. Nicholas Theo. Patton, the Republican Congressman from the fourth North Carolina district, and who has been re-nominated has been in New York and obtained $15,000 to help elect the ticket in November. Mr. Aiken a Republican from Georgia will address Settle for Congress in an independent canvass. Now if Mr. Settle advocates and claims that Settle is opposed to silver and does not reflect the sentiment of the Republicans in the district.

It is now figured out that the Populists will hold the balance of power in the next House. This figuring is done by the Republicans. The Democrats claim that they will still have a big working majority after the next election. The South will not loose but will stand as she is in the National Congress. North Carolina will elect, it is now claimed, her full Congressional ticket.

Peculiar to Itself.

Hood's Sarsaparilla is peculiar to itself, in a strictly medicinal sense, in three important points. First, in the combination of remedial agents used; second, in the proportion in which they are mixed; third, in the process by which the active curative properties of the preparation are secured. These three important points make Hood's Sarsaparilla peculiar in its medicinal merit, as it accomplishes cures hitherto unknown.

But it is not what we say but what Hood's Sarsaparilla does, that tells the story. What Hood's Sarsaparilla has done for others is reason for confidence that it is the medicine for you.

Congressman Wilson, of West Virginia, has gone on a sea voyage in hopes that it will improve his health. Mr. Wilson carried all the votes in the Congressional convention for re-nomination. The Republicans are guessing speakers to canvass the district in order to beat Wilson, even ex-President Harrison has been sent for to make some speeches.

Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proven to be the very best. It effects a permanent cure and the most dreaded habitual sick headache yields to its influence. We urge all who are afflicted to procure a bottle and give this remedy a fair trial. Disease of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at W. L. Bryan's store.

Jerry Simpson is on the stump and has opened his campaign. He is very bitter against the Republicans and charges the whole trouble against the party. He is a great advocate of the income tax of the new tariff bill.

The Discovery Saved His Life.

Mr. G. Caillouette, Druggist, Bonnerville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store long without it." Get a free trial at W. L. Bryan's store.

The Louisiana sugar planters will leave the Democrats on account of the tariff on sugar. Well let all such fellows go over to the protectionists we can spare them. Their United States Senator ought to have gone before and not have pretended to be Democratic.

The war between Japan and China is creating great excitement and there is no telling how the matter will turn out. Some predict that it will involve other nations and a general war in Europe will be inaugurated.

The great fire in Michigan, sweeping over a thousand square miles and caused by the dry country. Four hundred lives reported lost and hundreds of others injured. Twenty eight towns burned. Much devastation of property.

The Democrats, of Maryland, are after Gorman with a vengeance and will nominate a Democrat in the Dist. where Gorman lives who will represent free sugar, iron ore, coal etc.

It is now claimed that our foggy and smoky atmosphere was caused by the great forest fires in Michigan and other States.

Vermont Republicans carried the State by 25,000 majority. Nobody expected anything else.

We are pained to learn of the death of Mr. R. R. Gwyn of Elkin, N. C. He was a brother to N. H. Gwyn who died a few months ago at Patterson. In the death of Mr. Gwyn, Elkin looses one of her most worthy citizens.

Run Down

That Tired Feeling—Severe Headaches, No Appetite

Six Bottles of Hood's Sarsaparilla Bring Back New Life.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—Before using Hood's Sarsaparilla I was frequently sick and did not know what was the matter with me. One day I would feel so tired I could hardly stand, the next I would have a severe headache and so on, not knowing what the next day would bring forth. I had no appetite and

Was Greatly Run Down.

I tried a good many medicines but they did me no good. Having heard a great deal about Hood's Sarsaparilla I decided to try a bottle. I
