North Carolina Heirs to the Stewart Millions.

A Greensboro Correspondent to the Charlotte Observer says: The High Point Enterprise tells a most remarkable story about the heirs to the A. T. Stewart millions, which it says is authenticated.

It seems that many years ago there lived in Randolph county four brothers by the name of Edwards, who married four sisters, Hamilton, also of Randolph. All of them went into business in N. Y.—moving there—and were very successful. Only one child was born into the household, a daughter. The property of all four of the brothers went to the girl at their death. This same girl is said to have become the wife of A. T. Stewart, the merchant king.

Mr. and Mrs. Stewart were childless, all the property falling to the wife at Stewart's death. Mrs. Stewart died last winter and the heirs were advertised for. It is now claimed that the lawful heirs live in Randolph county, two or three of them; one man by the name of Brewer and another named Harris, who are closely related to the original families that went to New York years ago.

The matter was brought to the attention of the heirs through a merchant at Jackson Hill, N. C., who was in New York buying goods. He saw the advertisement for the heirs and knew them. He secured a lawyer, looked into the matter and came home and revealed it to the heirs. They have employed three other attorneys. The parties interested say that their lawyers have reported \$13,000,000 already in hand and that the entire estate is worth \$64,000,000. The Enterprise is informed that one of the heirs lives at Cedar Falls, another at New Salem and a third near Randalman.

Used by British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Galtie. Under date of Nov. 4th, '97, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy which I used myself when troubled with bowel complaint, and had it given to my men and in every case it proved most beneficial." For sale by dealers.

Salisbury Index: Miss Polie Baird was a maiden lady of 76 years. She was known to many of our citizens, having peddled strawberries, greens, milk and such like for many years. On the night of Oct. 27th she died. It was thought by many that she was in destitute circumstances. Since her death her household effects bring to light the astonishing fact that the supposed pauper had simply stowed away in a tin coffee pot, rusty with age, \$2,500. We learn in connection with this discovery that shortly after the civil war she exchanged a bundle of greenbacks for gold. To this she had steadily added the proceeds from her industry and frugality.

Geo. Noland, Rockland, Ohio, says: "My wife had piles forty years. De Witt's Witch Hazel Salve cured her. It is the best salve in America." It heals every thing and cures all skin diseases. Coffey Bros. Phillips & Son.

In Public.

There are few better places in which to study the good and bad points of mankind than a public conveyance. I always resent it when I see a young and healthy girl sit while an aged man or woman stands, and have a thrill of delight when I see a woman with a baby in her arms enter and half a dozen men rise to give her a seat. And to the honor of mankind be it said that this is the rule, not the exception, among men of all classes—the day laborer as well as the thoroughbred gentleman does honor to motherhood. A few weeks ago a small boy of three years of age was in a horse car with his mother. As there were many seats to spare the little fellow was allowed to kneel on the end seat in the forward part of the car, where, through the front window, he could watch the driver and horses. Suddenly his view was cut off by a man who jumped upon the front platform stood with his broad back to the window. Perhaps the intensity of the intensity of the child's gaze upon the objectionable back made the man turn. Glancing in, he saw the eager face close to the glass.

He was a plain man, but as he stepped to the other side of the platform the kindly smile that lighted the man's face made it lovely.

"Mama," cried the delighted baby, "that gentleman moved so I could see the horses! I'm sure he must have a little boy of his own."

In public and in private the world over it is the unselfish "fellow feeling" that makes us wondrous kind.—Harper's Bazar.

Lagrippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. Coffey Bros. Phillips & Son.

Monroe Enquirer: A gentleman living a few miles north of Monroe lost his bearings, so far as the reckoning of time is concerned, last week and did a hard day's plowing seeding wheat last Sunday. He started his plow by daylight and quit the field a little before dark in order that he might shave and get ready for Sunday as he thought it a desecration of the Sabbath to shave on that day. As he was shaving a neighbor came up and informed him that it was Sunday instead of Saturday. It was a hard matter to convince the man who had lost a day in his reckoning that he was wrong as to the day of the week.

Meridian, Miss., Dispatch: O. C. King, of this city, commissioner from the state of Mississippi to the Paris exposition in 1900, as has arranged there for what promises to be a great novelty in the way of an exhibit from this State.

He has made arrangements with a party who has secured at the right season 300,000 selected full-grown cotton bolls which will be sold as the Paris exposition by original cottonfield darkeys as souvenirs of the American cotton exhibit. These will be the first cotton bolls ever shipped abroad. They will be eagerly sought after by people who have used quantities of American cotton, but who have never seen it in its natural form.

Dr. W. Wilson, Italy Hill, N. Y., says: "I heartily recommend One Minute Cough Cure." It gave my wife immediate relief in suffocating asthma. Pleasant to take; never fails to quickly cure all coughs, colds, throat and lung troubles. Coffey Bros. Phillips & Son.

Publisher Got Even.

The publisher of a country newspaper, after persistent dunning, forced a deadbeat to pay up, and the deadbeat in revenge endorsed the check as follows:

"This check is to be paid on the agreement that this man's paper is to be sent to me no more in this world."

The editor endorsed the check as follows:

"I cheerfully accept any condition to get my money from this dead beat. I will not send him my paper any more in this world; and realize that should I attempt to send it to him in the next it would burn up before it could reach him.—Ex.

Charlotte News: A friend from Ohio tells the News that Mayor Jones, of Toledo, in his campaign for Governor made the following conclusive and exhaustive speech on the Philippine question: "We paid \$20,000,000 for the fight, went 13,000 miles to get it, and up to date have got licked." That's the matter in a nut shell.

Look in Your Mirror

Nasal Catarrh—What Is It?

A purely local affection, a germ that exists in parasites. There is no disease of which more have undertaken the treatment, and of which less have understood the first principles of cure. Inhalers have been used, medicines have been taken internally and applied externally, but no relief has been experienced by the catarrh sufferer. Why? because the primary cause of the disorder has never been unearthed—the first principle of the discomfort had never presented itself to those who treated, rather maltreated it. The misguided sufferer had never been cognizant of the fact that the sordid, a filthy, pellucid matter, and the parasites (minute animals which exist in and eat the organs of smell) must be removed before a cure can be effected. I would state in addition that all who are trying so-called cures for Nasal Catarrh, such as inhalations, patent medicines sniffed from the palm of the hand into the nostrils, Turkish Sulphur, Russian, galvanic, or cold water baths, are paving the way to deafness (by causing the closure of the Eustachian tubes) sore throat, asthma, consumption and death. I cure Catarrh by means of the Extirpator. The only way of destroying the parasite. The operation lasting only 30 minutes and comparatively without pain. Then the patient is free from the germ that produces catarrh, and the healing begins rapidly, and the cure is sure. I also cure Cancer. I remove cancer without knife. The operation does not confine patient to bed. I can remove a cancerous breast in from 12 to 16 days. All work done under a positive guarantee. If I fail to cure either of the above diseases, I will cheerfully refund the money. Examinations free and all letters of enquiry promptly answered. Dr. C. W. PHIPPS, Specialist in Catarrh, Cancer and Tumor. Shull's Mills, N. C.
