A Test of Education.

Charlotte News,
At the University of Chicago there is an instructor, F. J. Miller by name, who holds that a diploma should require of a man more of an education than the mere learning from text books. He thinks no man who does not possess the marks essential to good character should receive a certificate of graduation from that institution of learning. He has arranged a simple catechism device to make a test of the character of every student who presents himself for graduation at the University of Chicago in order to safeguard against the distribution of diplomas among men who are not worthy of them. The candidate for a degree is confronted with these simple questions and they must be answered satisfactorily or else he is denied the coveted honor:

Do you see anything to love in a little child?
Have you sympathy with all good causes?

Can you look straight into the eye of an honest man or pure woman?
Will a lovely dog follow you?

Do you believe in lending a helping hand to weaker men?
Do you believe in taking advantage of the law when you can do so?

Can you be high-minded and happy in drudgery?
Can you see as much beauty in washing dishes and hoeing corn as in playing golf and the piano?

Do you know the value of time and money?
Are you good friends with yourself?

Do you see anything in life besides dollars and cents?
Can you see the sunshine in a mudpile?

Can you see beyond the stars?
All these questions must be answered in the affirmative, except the one about taking advantage of the law, or the student will not be regarded as possessing a complete education.

The Columbia State is struck by this new departure in educational requirements that Prof. Miller has hit upon, and makes this comment upon it:

"Certainly the list of queries will commend itself to discerning persons. For instance it is plain as can be that the person's education has been neglected whom a lonely dog will not follow. All dogs have an infallible scent for educated men and will absolutely refuse to follow any other. Be not deceived when you observe a lonely dog following an old darkey whose literary achievements are restricted to making his 'mark' on a paper. The old fellow is undoubtedly an educated man, though you may have never suspected it. The dog knows.

"All the other questions too, are good. There is no mistaking the failure in the education of a person who does not wash dishes with the same rapture with which one tears off rag time. So it is with the person who can't see

the sunshine in the mudpile or who can't see beyond the stars, though in the latter case the professor seems to overlook the fact that as some of the stars are closer to us than others almost any person blessed with good eyesight, though ever so uneducated, can see beyond some of the stars. But that is a mere sticking at technicalities.

"There is only one point upon which we wish to raise an objection to the professor's catechism theory and to us it seems rather vital. How shall we know whether the person who is being questioned is lying or not? It is possible that some rascally fellow would not tell the exact truth in his answers. If Prof. Miller will now get up something which will enable one to tell when a man is lying, to be used in connection with his catechism, there will be no chance of anyone going wrong in sizing up the quality of another's education."

THE DIAMOND CURE.

The latest news from Paris, is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for consumption, Coughs and Colic, which gave instant relief, and effected a permanent cure." Unequalled quick cure, for Throat and Lungs Troubles. At M. B. Blackburn's; price 50c and 1.00, guaranteed. Trial bottle free.

Wilmington Star: Mr. T. Gilbert Pearson, secretary of the Audubon Society, has accomplished more for the protection of both game and non-game birds in North Carolina, and within a comparatively short time, than have the combined efforts of all other agencies for twenty years. Would it not be a graceful recognition of his services for the sportsmen and farmers of the State to subscribe for and present him with a handsome testimonial?

Resolutions of Respect.

To the Master, Wardens and members of Ashler Lodge No. 451, A. F. & M:

We, your committee appointed to draft resolutions on the life and death of our brother, R. W. Walker, beg leave to submit the following:

Whereas, our worthy and beloved brother, Richard Wilson Walker, died at his home at Virgil, N. C., on Nov. 20, 1904. Brother Walker was born 10, 1845. He was married Nov. 25, 1875, to Miss R. S. McNeil, and leaves a sorrowing wife and relatives to mourn their loss. He had been a member of the Baptist church for forty years, and died in the triumphs of faith. By his death his wife loses a kind, affectionate and loving husband, his kindred an affectionate relative, but the loss is not alone to them but to the county, the community in which he lived, the church to which he belonged, and especially to Ashler Lodge of which he was an honored member. He had been a member of the Masonic fraternity for twenty years; was past Master and had filled other honorable offices in the Lodge.

And, Whereas, it has pleased Almighty God, the great architect of the universe, in His infinite wisdom, to remove our beloved brother from the terrestrial to the celestial lodge above, therefore be it

Resolved, That in this bereavement this lodge is deprived of an active, zealous, and painstaking brother who was thoroughly imbued with the precepts and principles and teachings of our order; who evinced in a life marked by integrity and uprightiness the cardinal Masonic virtues and who presented, not only to his brethren but to the community, an example and an inspiration to better deeds.

Resolved, That bowing as we do in humble submission to the Divine will of the Grand Master of the Universe, we mourn the loss of our efficient and earnest brother, a devoted adherent of Free Masonry and a faithful friend whose daily life so clearly reflected the fundamental truths and teachings of our fraternity.

Resolved, That we sincerely, deeply and affectionately sympathize with his afflicted wife, and relatives, in their sorrow; reminding them that He who tempers the wind to the shorn lamb looks down with infinite compassion upon them in the hour of their desolation.

Resolved, That we ever cherish his memory, and that we will endeavor to so live that when the trials of this probationary state are over, that we may meet our brother in the Celestial Lodge above where the Architect of the Universe presides. Until his body, there to remain until the great resurrection, when it shall be raised from the grave and be reunited with the soul, which bear the truest affinity to the Supreme Being, who will never, never die. May we all therefore, be more strongly connected in the ties of union and friendship during the short time allotted to us in our present existence.

Resolved, That the usual badge of mourning be worn for thirty days.

Resolved, That a copy of these resolutions be sent to the wife of our deceased brother, and spread in full upon the minutes, and a copy be sent to the Watauga Democrat with a request to publish.

Respectfully submitted,
WM. M. LEE,

The pills that act as a tonic, and not as a drastic purge, are De Witt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel, clerk at Valley City, N. D., says: "For years I have used Little Early Riser Pills in my family. No better pill can be used for constipation, sick headache, etc. than these famous pills. Scores of testimonials prove their worth. Sold by M. B. Blackburn.

Now Bill Fife's gold mining fraud has gone to what every sensible man supposed it would. They have dug into where it does not smell good. It is hoped that every man who bought the stock at ten cents a share may be held accountable by the creditors for its par value. His Kansas oil stock is more of the same stuff. It is worse than highway robbery, and to think that God and the angels were made parties to any such rotten schemes is sickening. Men may quit other things and go to preaching, but when preachers quit preaching and get upon the curbstone—you may look out for squalls.—Salisbury Sun

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly expended, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by J. M. Moretz.

An exchange says that gossip is a humming bird with eagle wings and a voice like a fog horn. It can be heard from Dan to Beersheba and causes more trouble than all the bed bugs, ticks, fleas, mosquitos, coyotes, grasshoppers, chinch bugs, rattle snakes, sharks, sore toes, cyclones, earthquakes, blizzards, smallpox, yellow fever, gout and indigestion that this great U. S. has known or will know when the universe shuts up shop and begins the final invoice. In other words, it has got war and hell backed up in the corner, yelling for ice water.

He Stopped His Paper.

Once upon a time a man got mad at the editor and stopped his paper. The next week he sold his corn for four cents below the market price. Then his property was sold for taxes because he did not read the sheriff's sales. He was arrested and fined \$8 for going hunting on Sunday simply because he didn't know it was Sunday, and paid \$300 for a lot of forged notes that had been advertised for two weeks and the public cautioned not to negotiate them. He then paid a big American with a foot like a forge hammer to kick him all the way to the newspaper office, where he paid four years in advance and made the editor sign an agreement to knock him down and rob him if he ever ordered his paper stopped again.—Cherokee News.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.
It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.
The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.
If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.
If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake; but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
