

Watauga Democrat.

THURSDAY, August 30, 1906.

B. C. Rivers, Editor and Proprietor

Attention, Overseers!

The overseer of the public roads in Boone Township are hereby notified to put their respective sections of roads in good and lawful repair and make report of same to the board of supervisors of Boone Township, on Saturday the third day of November, 1906, as the regular August meeting was postponed to that date on account of so much rain. So the roads must be put in good shape by that time. There is a lot of loose rocks that must be thrown out, and the bushes along every section of the road nearby touches and must be trimmed. No overseer need try to get rid of his order unless his road is in good shape. The law requires sign boards at each fork of the road, and mile posts at the end of each mile. Foot ways across streams must be put up. Three days notice must be given to each hand specifying the hour, the day of working, the tools to work with, and place of working.

Any person summoned to work who shall by 12 o'clock of the day preceding the one appointed for work on the road, pay to the overseer the sum of one dollar shall be relieved from working on the road for one day.

Any overseer neglecting to discharge any road duty is subject to fine. No person between the age of 18 and 45 years are exempt except such as shall be exempt by the General Assembly or by the board of supervisors.

Now, overseers look out. Put your roads in good shape and come up with your report as the law directs. This Aug. 22, 1906.

Confederate Reunion.

The Reunion of Camp Nimrod Triplett, No. 1273, will be held at Walnut Grove Academy, seven miles west of Boone on Sept. 20th and 21st, 1906, at 11, a. m., and we are expecting the Rev. R. L. Patton to preach at 1, p. m., on the 20th. We also expect other speakers of prominence to be present and address the people.

The young people of Walnut Grove and surroundings will meet at the Academy on Sept. the 8th to organize a camp of the Sons and Daughters of the Confederacy.

The good people of that community are preparing to feed all who may attend, and a large crowd is expected. Done by order of the Comrades.

E. J. NORRIS, Comd. W. W. PARNELL, Agt.

The Confederate veteran's association of Watauga county is to be congratulated upon the broad invitation it has extended to the Union soldiers, who opposed them in times of war, to be present and enjoy the reunion to be held at Walnut Grove in the near future. The men who wore the blue were fighting for a cause they deemed just. Those who wore the gray fought, bled, and many of them died for a cause they thought just, and now it is beautiful indeed to see them meet on a common level and enjoy the reunion together. They are all traveling on the same level of time to that undiscovered country, and again we say, that the spirit exhibited

by the old Confederates is most commendable. For at the last roll call they will not be asked on which side they fought during the war between the States.

The Cause of Lynching. Raeford Facts and Figures.

Wonder what the lawyers will say when we say that they are in no small degree responsible for this lawless spirit in the people that causes them to disregard law? A lawyer will defend his client at all hazards. He will speak of the cause as if the accused were innocent and being wrongfully prosecuted. He says 'we,' 'us' and 'ours' Why, you can just see the lawyers suffering martyrdom for his man. They never want to lose a case none of us would, and these lawyers nowadays win every case—the lawyers on one side or the other do.

No matter what the fellow arraigned before the court is accused of, his lawyer sets about getting him cleared, and may a time a guilty wretch walks free. This is alarmingly true of murders. The lawyers move to quash, to continue to remove, and when they fail to do either they appeal; and after the appeal process fails to work they begin to ask for "executive clemency" all of which usually allow a bloody handed murderer to live out nearly all his days, and at the expense of the taxpayers. And this takes the people's patience.

Were we a lawyer we might be doing all we could to prevent justice—that is what more than half the professions are at—but we do not believe we could ever become so blind as not to be able to see the effect upon the public mind. And this pugnatious disposition of the lawyer is showing itself upon the political situation. The lawyers are the political leaders and work up this strong feeling we experience during campaigns.

Stomach troubles, Constipation. No one can reasonably hope for good digestion when the bowels are constipated. Mrs. Charles Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25c. For sale by all dealers in Boone and Blowing Rock Drug Co.

South Carolina's experiences last week and this answer the question whether lynching diminishes crime. There was felonious assault in Greenwood county, followed by a lynching. Then in another county assault of like character and another county still another similar assault followed by a third lynching. Meantime a negro goes insane hearing of the Greenwood occurrences, runs amuck, and tries to assault every woman he sees. In S. C. lynching is the favorite corrective and deterrent. Has its application corrected or deterred? The record of ten days answer the question. The frequency of the crime increases. The next recital is due any day—Charlotte Observer.

In Memory of Little Homer Moretz. Overlooking the Training School Building, in Boone is a little knole. At the summit of this hill is a cemetery and in this cemetery sleeps the frame of one of the brightest lights of Boone, viz, little Homer Moretz.

Homer was dearly loved by all who knew him, and was the idol of a happy but now almost heart broken father and mother.

I have had the pleasure of being thrown in company with this little fellow a great deal and I made it a point to study his movements and acts, as I do most boys I am with. This little fellow attracted my attention most because of his striking peculiarities which peculiarities showed him to be one of the brightest and most loving of children.

There is no form of God's creation so beautiful as a little child.

Homer was an angel on earth. God gives us such to dwell among us and it were not for these angels this would be a dark, lonely world indeed.

As Homer went round on his crutches he always greeted everyone with a smile.

I can still hear him say it seem, "Arfur's come" as he often did when I would come from school.

He was a star on earth but is now a star of more brilliancy in heaven. Homer has gone to join the band of singers beyond this vale of sorrow and is waiting for the friends he left behind to join him over yonder.

My dear mamma, you cannot weep.

I'm living with the angels.

For me the blessed Savior keeps,

I'm living with the angels.

I loved you, ma, you know I did

I'm living with the angels.

And you, papa, I'm sure I did,

I'm living with the angels.

I loved my sisters dearly, too,

I'm living with the angels,

And dear little George, I loved him, too,

I'm living with the angels.

Oh, friends if me you wish to see,

I'm living with the angels.

Let's all in that fair city meet,

And all live with the angels.

An Invitation.

To the Confederate and Union veterans of Watauga and surrounding counties:—You are all cordially invited to attend our Reunion at Walnut Grove Institute on Sept. the 20th and 21st, 1906.

Come, and let's have a good social gathering, as we all know, at farthest, the day and hour cannot be far distant when we must lay our mantle down and appear before a greater tribunal than any earthly. May the last days with all of us be our best and happiest. With best wishes to all of both the gray and the blue, we are,

Very truly,

Democratic Campaign Book.

Thomas J. Pence, the Washington correspondent of the News and Observer, says:

Senator Simmons, who has been here in conference with leaders at democratic campaign headquarters, from whom he secured data and information to be used in the campaign text book, which will be circulated by the North Carolina democracy returned to the state today. The Senator, who by virtue of his position as State Chairman, will direct the campaign in the State, expects to have the copy for the text book ready for the printers next week. This will make possible the circulation of the book by the first of September, when the campaign will be getting under way.

Speaking of the campaign book, which will outline the issue to be discussed and the character of the fight to be made by the democracy this fall, Senator Simmons said that it will deal thoroughly and comprehensively with both State and national issues.
