Blowing Rock Items.

There is not much this week to tell of the happenings and doings in our midst, but at the request of the persistent news-editor of the oldest newspaper in this mountain section, I am "draining the molasses jug" for at least a few "pleasant drops" about our progressive little town, the place and the people.

The new bank building is so near completion that the safe Prot. C. E. Hagaman and wife. from the old building has been moved into its new home of concrete blocks, truly a handsome group of buildings on Main St.

Among the recent visitors at the popular Watauga Inn, were Mr. and Mrs. Wade Wagner, of Valle Crucis, en route to Patter son, Lenoir and Hickory, where they are to visit friens, and upon their return will be "at home" in their new and handsome abiding place on the banks of beautiful Watauga River.

Brother Payne, with his accustomed regularity, filled his appointment in the Baptist church last Sunday, his sermons always helpful, his example as a christian leader unchallenged and bis influence for good in the community of great value, yet Brother Payne works under difficulties as do each of our pastors, for, all of o ir influential citizens do not encourage him as they should by their presence at the services, which in itself would be endorsements of his efforts, nor by 'holding up his hands" in his earn of endeavor to break down the Kingdom of Satan in this neigh borhood, where we are not yet sunts, nor angels nor is the dev il dead!

after painting it with STAG SEMI-PASTE PAINT

Theres an air of cheerfulness and comfort about a tastefully painted house. The surroundings seem more pleasant and the home looks more inviting.

Its really wonderful how small the cost of painting your house is, compared to the satisfaction it means. Take a good paint like the Stag brand, with its brilliant colors and rich gloss, and your home will always look fresh and clean. Thats because the colors are durable and won't fade.
