### A Simpler Christmas.

Baptist Commonwealth.  
Ever since the wise men brought their gifts of gold, frankincense and myrrh to lay at the feet of the Christ child, love has chosen the Christmas season as the appropriate time to give gifts of affection and friendship to others. The beautiful custom, however, has been so overlone that love's tokens have become a weariness and a burden instead of a joy and thoughtful minds have longed for a return to a simpler fashion when gifts were modest and measured by the spirit of the donor rather than the intrinsic value of the gift itself. Inspired by this sentiment and the crying needs of the war-worn part of the world and the poverty due to industrial slackness in our own land, the Ministerial Union, of Battle Creek, Michigan, comes forward with the suggestion this Christmas should be marked by a simplification of Christmas giving, and that friends should send advance notice to one another of their purpose to unite in such a movement by a postal card suiting their Christmas decision as follows:  
"Every Christmas season makes your friendship and mine more precious and our love more tender. This year the thought of that love has been bringing to me a new consciousness of the needs of the whole world for Christmas cheer and love. Desolate homes, stricken countries and imperiled lives abroad; slackened industry and impending suffering at home all are calling. I want you to know that my Christmas gift to you will be quite simple, but warmer with the fire of a new love, for I am going to give an extra gift to the needs of all those whom I have never seen, but deeply love. My joy in this new service will be greater if you join me in its spirit that our Christmas celebration may be kept simple, filled with good will, winged with sacrifice, and devoted to peace."

### Dr. C. G. Parlier Dead.

Wilkes Patriot, 17th.  
Dr. C. J. Parlier, who was widely and most pleasantly known in this county, died at the Charlotte Sanatorium, at Charlotte Sanatorium, at Charlotte, late yesterday evening, following an extended illness. He suffered from a complaint known as a hardening of the blood vessels. More than a year ago he abandoned his profession as a physician, to seek relief in rest; and so far improved that he resumed it again, at his home at Blowing Rock, early last summer. Dr. Parlier was born and reared at Moravian Falls, at which place he lived and practiced medicine, until about fifteen years ago, when he went to Blowing Rock. He was a successful practitioner and business man and leaves considerable property. His aged mother, Mrs. T. P. Parlier, still resides at the family homestead. There are two brothers and two sisters. J. R. Parlier, of Moravian Falls, and C. E. Parlier of this place, and Mesdames R. L. Scroggs and Lillie Sloop, both of Moravian Falls. Dr. Parlier's age was about fifty years, and he was never married. The body will arrive today, accompanied by Mr. and Mrs. Scroggs, and will be buried at Moravian Falls tomorrow afternoon.

### Apply Sloan's Freely For Lumbago.

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields readily to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents at any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

Work is the salve that heals the wounded heart

### Moving Ahead.

Durham Sun.  
Business continues to improve. There is no more cheerful theme and all of us may be pardoned if we seem unduly joyous over the tangible evidence that commerce of all kinds is getting back to normal.

No less authority than Dun's Review says that conditions throughout the country were materially better last week than at any time since the beginning of the European war. In discussing the feature of last week's business the Review says:

That there is improvement in trade is made clear in the reports from all parts of the country. Holiday buying is developing very well, and the colder weather has stimulated retail distribution and also helped some wholesale departments. Iron and steel consumption is increasing and concessions in prices are less frequent. Larger sales of wire and tin plate are reported and the railroads are contracting for limited quantities of rails and other supplies. In the dry goods market here is visible an improved demand, buying of spring merchandise becoming more noticeable. The woolen division is kept reasonably active by the European requirements. It is announced this week that the London Embargo on wool is to be raised on guarantees that no shipment to hostile countries will be made. The shoe and leather industry reports a broader domestic demand in addition to the large foreign orders. The prevailing optimism is strengthened by easier money and the notable improvement in the financial position; also by the fact that the corner has been turned and the trend is now toward better conditions. The most important development of the week is the resumption of trading in stocks, under certain restrictions, on the New York Exchange and this marks a practically complete return to normal conditions so far as the machinery of the financial market is concerned. Business can now be carried on in the regular way without the necessity of extraordinary expedients, and with the added security and advantage of the vastly increased credit facilities which the Federal Reserve Bank system affords. Dun's Review never "whoops her up" without a cause. This is as near a reflection of actual conditions as it is possible to get, and it shows that the tendency is very marked toward unusual activity. It looks as if business has already improved to the point where it can "sit up and take a little solid food."

### DISTRESS IN THE STOMACH.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padgham, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began to take Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

All the warmth at the fireside shouldn't be inside the stove or grate.

Beware of Cheap Substitutes  
In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.
