—Cooler weather.  
—STRAYED: One year-old past bay horse colt. Finder will please notify me at Boone and be rewarded.—H. J. Hardin.

—Rev. W. C. Jones, of Greensboro, after a two-week's visit to friends in Boone, left on his return Saturday.

—D. Patterson Hodges of Poplar Grove, has purchased the Rev. John Carlton property in East Boone.

—Dr. J. M. Hodges and Mr. J. A. Pitman, both of Cranberry, were in this section Tuesday looking after some mineral property.

—We are sorry indeed to learn that Prof. Olin G. Winebarger, of Meat Camp, who is teaching school near Todd, was forced to suspend school this week on account of illness.

—The Registration Book for Boone township, has been lost, and as a result, all voters who registered in 1914 will be bound to re-register if they wish to vote in the November election. See official notice in this paper.

—Rev. J. N. Atkins asks us to announce that he will conduct services in St. Luke's Episcopal church on Friday night, Sept. 15 at 7:30 o'clock, and on Sunday morning, Sept. 17, at 9 and 11, a. m. Everybody invited to be present at these services.

—Prof. I. G. Greer, of Boone, and W. E. Shipley, of Valle Crucis, are in Washington, D. C., looking after the interests of Watauga in the apportionment of the National Good roads fund for North Carolina which is now under consideration in that city.

—The first passenger train on the V.C. Railway to arrive at Elkland since the heavy freshet in July, pulled into that station Monday afternoon, which will again greatly facilitate our mails and other business. See the C's revised schedule on the 4th page of this issue.

—Col. John P. Arthur, who has spent the summer at Chattanooga, Tenn., has again taken up his abode in Boone, to the delight of all, both old and young. His kindness to children is one of his fine points, and a bevy of little Misses is fairly jubilant over his arrival.

—Mr. John F. Hardin, has just completed the plumbing and installing of water works in his attractive home just east of the village. The water is pumped for quite a distance, but has such a splendid fall and travels with such rapidity that it reaches the home nice and cool and with ample force to make its way into every room in the building. This is certainly a valuable asset to the splendid property.

—Mr. W. O. Lay, of Holden, West Va., with his wife and daughter, is at the home of his father, Mr. John Lay, at Bamboo, where he will spend a few weeks recuperating after two years' solid work. We hope the outing will be both pleasant and beneficial to him and his little family.

—Capt. E. F. Lovill, who has been in Boone during court, is very much elated over his gold mining prospects in Georgia. He says it has passed the experimental stage, and now, with up-to-date machinery, and a good force of hands, they are getting satisfactory results.

—Mrs. W. R. Lovill, who has been taking treatment at the Lincoln Memorial Hospital at Knoxville, Tenn., for a number of weeks, returned to her home in Boone last Sunday being very much improved in health, and her ultimate perfect recovery is now confidently hoped for.

—Mr. Shelton Penn, of Boone, is off to Arden, N. C., where he has taken a position for the ensuing year in the Episcopal school at that place. Mr. Penn is an energetic, well educated young teacher, and that institution is fortunate in procuring his services as a member of the faculty.

—Mr. William Hodges, of Elk Township, a Confederate veteran, now 84 years old, and a witness in court here, walked from his home, a distance of 11 miles on Monday, arriving here before court was called at 9 o'clock. He said he was somewhat tired when he got here, but his quick, elastic step did not indicate it.

—Sheriff Moody and one of his deputies, Mr. Allen Miller, captured another illicit distillery on Saturday night, this one coming out of the Sampson section. It is a crude affair, but was answering the purpose, just the same. This one, if we mistake not, makes 14 distilleries Sheriff Moody has captured during his term of office. A record any man might well be proud of.

—Robert Pulliam, who graduated at the A. T. S. in the class of 1914, and left immediately for California, in quest of employment, for awhile, until he could accumulate enough cash to complete his education, arrived at the home of his uncle, Mr. L. N. Perkins, last Saturday, and left for the University of North Carolina, where he expects to take a full four year's course. Robert says they have fine schools in California, but our University is decidedly his choice.

Professor and Mrs. Greer went to Morganton on Saturday to visit Mrs. Greer's people.

Work has been begun on the dam which will make a lake for the young ladies. It is to be just below Lovill Home.

Considerable work is now being done by the boys on the lawn tennis court, basket ball ground, and croquet ground for the young ladies, and also a Basket Ball ground for the young men. Work will begin soon on a base ball diamond for the young men.

We were very glad indeed to see Capt. Lovill at the School some days ago. We regret that his work takes him away from us, he is always so deeply interested in everything pertaining to the school.
