On Sunday morning in the Presbyterian church at eleven o'clock, a commission from Holston presbytery, composed of Dr. L. R. Walker, of Bristol, Tenn.; Rev. J. T. Hutchinson, of Johnson City; Rev. Edgar Tufts and Elder Stinson, of Banner Blk, met to ordain and install Rev. G. G. McKarther as pastor. Dr. Walker preached the sermon and expounded the questions. Rev. Hutchinson charged the pastor and the Rev. Tufts charged the people. The attendance was very good and everybody enjoyed the sermon. Dr. Walker being a strong and able man. The Presbyterian church has been steadily advancing since Mr. McKarther took charge in May. The Sunday school has a hearty attendance, the three teachers, Messrs. Hagaman, McDonald, and J. L. Cary, being well liked by the pupils, have done much to promote the interest.

In the afternoon Dr. Walker preached a large crowd in the Holston Camp, and it is hoped that in the near future we may have Dr. Walker to hold a meeting for us, as he won his way into the hearts of all those who heard him.

It is worth Mr. McKarther is a teaching a meeting of the synods of Appalachia at Middlesboro, Kentucky.

Mr. J. H. Murphy and Supt. T. A. Bump are attending the League Congress at Knoxville, Tenn.

Several exchanges at the recent meeting of the Industrial Democracy the following suggestion was made: "A wood saw and a small motor put in house on the side of a yard to cut up the waste wood that goes to the fire, would be a help to the man on the job, and would also be money saved for the company. Any man on the job had rather do his days work and pay for his wood ready cut." The suggestion was found to be the most practical that has yet been suggested by any of the men on the job, and after an investigation, it was adopted that the one made the suggestion, Mr. R. L. Story, be awarded \$5.00 for same.

It is a peculiar fact that in Industrial Democracy is working in the minds of the men, and we find them about their work suggesting changes in means and methods, especially for the help and improvement of their fellow laborers. This suggestion means much as many of the slabs that are now going to the fire can be easily cut into fire wood, and we dare say, there's no man on the job who would pay a little extra for getting the wood cut in the proper lengths and ready for use, or to save him the extra labor after his days work is finished. We want many more suggestions of this kind, and we want to give many more checks as rewards.

The American Theatre has a good program for Saturday night. (1) One reel of Pathe News. (2) Charlie Johnson, Black Face Comedian—jokes, singing and guitar playing, especially Hawaiian music. (3) Second episode of serial "Third Eye." This promises to be the best entertainment we had here. Admission: Adults, 20c. Children 15c.

New Pastor Delivers Splendid Sermons

The new pastor of the Methodist church, Rev. G. C. Brinckman, preached his first sermons in the court house last Sunday morning and evening to large and appreciative audiences. The minister was pastor of Elkin church last year, and his sermons showed him to be a very strong preacher of the Word and a man full of energy and high purpose. Mr. Brinckman and wife express themselves as being very much pleased with the outlook here, and they are graciously received by the people of both denominations here.

And no one could tell the difference!

This test of direct comparison was made by Anna Case, world-famous soprano, before 2500 people, at Carnegie Hall, New York City, on March 10, 1920. See the three diagram sketches below:

First—Miss Case stood beside the New Edison and sang.  
Suddenly—the lights went out, but Miss Case's voice continued to sing.  
Then—the lights went on again, Miss Case was gone. The audience gasped with surprise to find that her voice had been coming from the New Edison.

Mr. Santa Claus! Come in and hear the phonograph that did it

We want you to see it, listen to it, test it for yourself. This marvelous phonograph can give the family more pleasure than any other instrument you can buy them for Christmas.

Here is why: This phonograph has actually proved that it can match the performance of the living artist—and match it so perfectly that no one can tell its RE-CREATION from the living performance.

It did this on March 10, 1920 before 2500 people at Carnegie Hall, New York City—with Anna Case, the world-famed soprano. It did this on September 30th, 1919, before 2500 people at Carnegie Hall, Pittsburgh—with

Marie Rappold, prima donna of the Metropolitan Opera Company. It did this on November 5th, 1919, before 6500 teachers at the State Armory, Albany—with Mario Laurenti of the Metropolitan Opera Company. It did this over 4000 other times, with more than fifty great vocalists and instrumentalists.

You can read the facts of these amazing achievements in the leading newspapers of the United States and Canada. They are the talk of the music and scientific world.

And the phonograph? It's the Official Laboratory Model of the New Edison, "the phonograph with a soul." Every Official Laboratory

Model in our store is an exact duplicate of the famous original Official Laboratory Model which cost Mr. Edison three million dollars to perfect. It is capable of sustaining the test of direct comparison; we guarantee this.

Get an Official Laboratory Model for Christmas. You will have the one phonograph which brings you the living performances of great artists exactly as those artists have given them. You know this is so! The proof has been given! The absolute, scientific proof!

Say the word,—and we'll save an Official Laboratory Model for you, and deliver it in time for Christmas.
