

DOINGS AT THE SCHOOL.

On Monday of last week contractors arrived in Boone to bid on the heating plant for the boys' dormitory. There were seven bids submitted, The General Fire Extinguishing Company, of Charlotte, having the lowest bid, \$5,200, and to them the contract was awarded. Later a contract will be let for a heating plant in the Science building.

Dr. Mann, head of the Engineering Department of the A. & E. College at Raleigh, is making a water survey for the school, the system to cost approximately \$20,000 when completed. The power plant is being overhauled. Another building will be erected next year. Improvements on the grounds are being made and the campus enlarged.

The following Trustees were in session: Capt. E. F. Lovill, M. B. Blackburn and E. S. Coffey, of Boone, J. M. Barnhardt, of Lenoir, and T. C. Bowie, of Jefferson. They are now looking at the school with a larger vision. They have the money to make the improvements, and they are in earnest about doing it.

Mr. Underwood, State Architect, attended the meeting. Dr. E. C. Brooks, State Superintendent, came in later in the week, and made an address at the school, telling of the criticisms of his administration, and explaining his policies. He sees a great college for teachers in Boone.

Col. Wade Harris, editor of the Charlotte Observer, and a friend to the mountain people, says that Boone is the center of mountain activities. Let us all agree with him and pull together to make this the coming town of this section.

Advance in Cheese Prices.

The rapid advance in the price of cheese in the last three weeks has been phenomenal. The present price, which is 21 cents, is nearly double that of three weeks ago, and the prospects are that it will go still higher. Drouth in the middle and western states and active foreign demand are largely responsible for this advance.

The people of Watauga county should take advantage of this increase in cheese prices and endeavor to help all factories to run until late fall, and, if possible, all winter. Every patron should redouble his efforts to help his factory run with a full supply of milk. By so doing the average price of milk for the entire season will be considerably reduced.

JOHN A. CONOVER.

Jurors Drawn for Fall Term Watauga Superior Court.

Following is a list of the jurors drawn for the fall term of Watauga Superior Court which convenes in Boone on Monday, Sept. 5, with Judge Laine presiding:

TONSIL AND ADENOID CLINIC

The tonsil and adenoid clinic, under the direction of the State Board of Health, will be in Boone August 16 to August 19.

School children between 6 and 12 years of age will be operated upon in this clinic for the removal of tonsils and adenoids. A fee of \$12.50 will be charged for all persons who can pay. Any child who has no one able to pay this fee will be operated upon free of charge. The work will be done by one of the best nose and throat specialists in the state.

In order to get names on the list parents should make application at once to Miss Stella McCarty, Public Health Nurse, at Boone, who will give each child a date to come to Boone to have the work done. A definite appointment made through Miss McCarty now will save disappointment at time of clinic.

Notice to the Tax Payers of Watauga County.

There is a considerable amount of taxable property in Watauga county unlisted for taxation, both real and personal, especially money in banks and notes, and this is to notify all persons who have not listed their property, that a careful investigation will be made at once and all property discovered that is unlisted, will be double taxed. So any one who knows that he has not listed his property fully will please come before the Register of Deeds at once and list.

BOARD OF COUNTY COMS.

Brother Rich; Sister in Want.
New York. — Gertrude L. Danks, daughter of Hart F. Danks, the composer of the song, "Silver Threads Among the Gold," was described as being unable to buy herself a pair of shoes because her brother, Albert V. Danks, failed to share with her the rich royalties which the song yielded. As executor of his father's estate the brother received fifty thousand dollars in royalties during recent years, but which, according to her story, he has persistently refused to divide with his sister.

BIG CLEARANCE S-A-L-E!
