Telegraphic transmission of the story, quoting Dr. Brooks as saying that one sheriff had not settled with the county commissioners for ten years, was slightly garbled, and it was not clear whether Dr. Brooks meant the state or the county. He said things about the lax business methods of county officials. In brief, he drove fourth class offices. home the point that inefficient county administration ought to be subject to state ouster.

One sheriff, he states, has not made a complete settlement with his county board of commissioners for ten years. In another instance he knows one county in the state was recently "called" for interest on a bond issue, and there was no record anywhere of the indebtedness.

Mr. Lacy, however, gets the money from the sheriffs. They pay the state, though they stall the county along. It is this social indifference, Dr. Brooks points out, that is alarming the students of government.
