TRAINING SCHOOL ITEMS

Winter has been manifesting itself during the past week. Snow fell in small quantities several days, and frost came on many of the mornings, but the first killing frost came on Sunday morning, the 9th, which was the coldest morning thus far.

Quite a large crowd came up with the Lenoir Chamber of Commerce last Thursday on their tour through Watauga and Avery. Boone appreciates the visit of these enterprising people and will welcome them at any time on these visits of good fellowship, which should be more frequent between us.

Prof. Smith Hagaman, County Superintendent of Schools, and Miss McCarty, our efficient county nurse, were married in Mountain City, Tennessee on the 5th, much to the surprise of their many friends. These good people are widely known and their marriage is of great interest to many. Best wishes.

Prof. O. L. Brown, who has charge of the Manual Training department and is in charge at Justice Hall, had the misfortune to lose his fine Jersey cow on Monday morning. Speaking of Justice Hall, it has the distinction of having Mr. Woodrow Wagherty, an intelligent deaf mute as "man of all work." He is a relative of the Professors Wagherty and also one of the training school men. Mr. Edward Wagherty, a wounded World War veteran. The school has the distinction of having quite a number of these World War men.

On Saturday evening the Watauga Literary Society invited the Appalachian Society and a number of the faculty to a special program. Also on the same evening the Enterprise Literary Society invited the Appalachian Society and some members of the faculty to a like program. The programs were good, fainty refreshments were served, and a beautiful good cheer reigned, at which the writer had the pleasure of being.

Miss Olds has given the school a rare old book, Curtis' History, published in 1865. Prof. Blair of the State Board, of the North Carolina Board of Education. Also Mr. Grant Donnelly, graduate of the school, sent several valuable books. All of these books are greatly appreciated both because of their value

and the kindness of the donors, and sincerest thanks are extended to these good friends.

A show was in Boone this week much to the disgust of some and the poverty of many, but of course they "had to take the children to see the animals."

THE ARMISTICE DAY CELEBRATION-- AMERICAN LEGION ASKS FOR THE SUPPORT OF WATAUGANS

After Woodrow Wilson explored the temple of Prussianism and found the idol to whom the German people had bowed down, an idol having eyes which see not, ears which hear not the prayers of the civilized world, and a heart like the neither millstone, it became necessary in order to preserve the ideals and principles which inspired our forefathers in founding this government and which we have cherished through all the years, to call this great nation to arms. It was necessary to arrest and bring to submission those who were destroying the freedom of the world. When the call was made in 1917 for men to champion the cause of liberty with arms, there was not a Wataugan who flinched in doing his or her bit in bringing the horrible tragedy to a successful and speedy close. We shall never forget the many heroic things you people of Watauga did for us, nor the painful hours you passed in the spring, summer and fall of 1918, the darkest days of the war, when at times it looked as though the whole allied cause might be lost at any time. No one knew whose boy might be called upon to make the supreme sacrifice. But by the heroism of our soldiers, the assistance of your prayers, and the help of the Divine Providence, we have secured peace; a peace which we hope may be everlasting, a peace under whose influence human rights may be respected, prosperity and happiness assured and injustice and crime driven out.

The American Legion of Watauga county has undertaken to commemorate this peace on the eleventh of November by holding a memorial service to honor our heroic dead, and to express thanks for victory and the safe return of the soldiers of the world war to home and friends. We propose to have the biggest celebration Watauga has ever had, a celebration in which every loyal citizen may take a part and feel proud. In rendering this program we sincerely call on each and every person in the county to come to our assistance with their person and with their moral support. As we needed your interest during the war, we now need your interest and support to make this the greatest celebration in the history of the coun-

ty. Stand by us at this period as you did in the one just passed and let's give expression to the "Watauga spirit" in a way to promote prosperity and progress. We have the resources, let us give expression to our character. Look for a program to follow in The Democrat.

MASONS WILL BUILD FREE HOSPITALS

Atlanta, Ga., Sept. 28.—Locations of six of the nine free hospitals for crippled children which the Nobles of the Mystic Shrine are to establish in various parts of North America at a cost of \$2,000,000, have been decided upon by the trustees who met in St. Louis, it was announced by Atlanta Shriners tonight.

A hospital to cost \$300,000 will be built in St. Louis and institutions costing \$200,000 each will be erected in Shreveport, San Francisco, Portland, Oregon, the twin cities of St. Paul and Minneapolis, and Montreal, Canada. Locations of the other three, one of which is to be in Virginia, one in New England and one in central Pennsylvania according to present plans will be determined upon at a meeting of the trustees next January.

The first proposal of the Shriners was to build an immense hospital at St. Louis as a monument to the Masonic organization but Forrest Adair, Past Potentate of Yaarab Temple, Atlanta, who promoted the Scottish Rite hospital for crippled children here several years ago, was successful in his plan to "take the hospitals to the children." The St. Louis hospital will have eighty beds and the others, modeled after the one here, will hold sixty beds each.

The trustees recently inspected the local hospital and it was announced that \$950,000 of the fund already had been collected and that the remainder is due next January 1. Each shriner has been assessed \$2 annually for building and maintaining institutions.

Normalcy in Industries.
While in some states in the union there are still great numbers of employed, the problem of unemployment in this country is rapidly being corrected by a natural approach of industries to normal activity, according to a report issued by the advisory committee of the National Industrial Council. A copy of this report was forwarded to J. F. Trazzara, secretary and manager of the North Carolina Manufacturers' association, with offices in Charlotte.

Rome.—The Italian state railways are bit by bit being electrified. Every new and then the government undertakes to add 300 or 400 miles of electrification to the system. By the end of 1922, there will be more than 2,000 miles of electrified state railways in Italy. This is expected to reduce the coal consumption of the railroads by about one-third.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
