Do You Need a Tonic?

Durham, N. Car.—"About fifteen years ago two of my children had whooping cough so badly that afterward their lungs and bronchial tubes were affected from the strenuous coughing. They kept getting weaker and I believe would have had serious pulmonary affection had it not been for Dr. Pierce's Golden Medical Discovery. I gave them several bottles until they were entirely out of danger and well and strong. I will never hesitate in recommending Dr. Pierce's Golden Medical Discovery as a tonic after any prostrating illness, because it brings permanent strength."—Mrs. Josephine Arthur, 409 Toby St.

Dull, Sluggish Feeling

"BLACK-DRAUGHT is our household stand-by," says Mrs. Thomas H. Kell, who lives near Ellijay, Ga. "We have been using it years and years. My mother's family used it and we do here and my four sisters do, too. I could not run my house without Black-Draught. I give it to the children whenever they need a purgative, and both Mr. Kell and myself take it. As a medicine for sluggish liver and headache, and the ills that come with constipation, Black-Draught is fine. "Lots of times I have felt dull and sluggish, my head would ache and I had to make a great effort to do my work. A little dose of Black-Draught would correct this feeling. We always keep it on the medicine shelf." Be sure that you get Thedford's, the old, reliable Black-Draught powdered herb liver medicine. At all dealers'.
