

LOCAL HAPPENINGS

The Boone Trail Cafe management entertained at a six o'clock dinner yesterday in honor of the court. Besides the Judge and Solicitor the bar was present, together with Mrs. F. A. Linney, Mrs. M. P. Critcher, Mrs. E. S. Coffey, Miss LaQuex. The publishers of the Democrat of necessity had to decline the manager's kind invitation. The food was of the greatest variety, expertly prepared, and the service of the best. Those so fortunate as to have been present are thoroughly appreciative of Mr. Moody's kindness and have many words of praise for his new and ultra modern establishment.

Our friend Mr. E. M. Greer, now 84 years old, was in to see us Tuesday. He cashed in four subscriptions for a year each, to three of his sons and one grandson, all residents of the west. For this courtesy we thank the venerable gentleman. He seems to be in good health although not entirely recovered from a serious fall he had in January, when he slipped from a rock cliff, falling 14 feet on his head and shoulders. The only effect now felt is a slight stiffness in his neck.

Dr. McG. Anders of Gastonia and Boone is circulating among friends here after the close of the school in Gastonia.

Mr. Harrell, an employee of the Linville River Road has broken dirt for the erection of a pretty home near the Daniel Boone Hotel.

Mrs. Clint Thomas was a visitor to her grand parents Mr. and Mrs. W. B. Baird last week.

News from Eschiff E. R. Eggers who is taking treatment in Johns Hopkins hospital, Baltimore, is more encouraging than previously. His son, Mr. Clyde Eggers, who accompanied him, has returned and is right much encouraged. Letters from the sick man this week state that he is getting along right well, and it is his intention to come home within the next few days.

Attorney J. C. Fletcher, his stenographer, Clerk of the Court Moore and Register of Deeds Crisp, all of Lenoir, were in town a short while Tuesday, returning to their homes going via N. Wilkesboro.

Young Donald Green, son of Mr. and Mrs. N. C. Green of Blowing Rock by the accidental discharge of a shot gun, inflicted a serious wound in his foot last Friday. He was rushed to the Watauga Hospital here, where two toes and a portion of the foot were amputated. He is improving nicely and it is believed that the unfortunate accident will not cripple him to any great extent.

Friend R. R. Hodges of Paris, Tex. has returned and will remain here during the summer. His friends and relatives in Watauga are always glad to see him come.

Prof. C. Wilson of the A. T. S. faculty, who has just completed a three month degree course at Nashville, Tenn., has returned and is again at the work he has been doing so efficiently for some years. He "made the grade" all right, but will not get his A. M. degree until the summer term at the University.

The building for the Hosiery Mill is now being put in condition and the machinery will be installed early in April.

Messrs. H. E. Deal and Ben Dugger with their families, who have spent the winter in Florida, passed through Sunday on their way home. They report a wonderful sojourn in the "land of flowers" and the long journey there and back was made without trouble, the roads fine and the weather ideal. Mr. Deal was a caller at the shop Monday. He said many of the tourists in Florida told him that on their return they were coming back by way of the Boone Trail. A number of others engaged board in his home for the summer.

The carpenters have driven the last nail in the Daniel Boone Hotel, and the painters will complete their work within the next few days. A stone retaining wall along the street has been built, and work on the lawn will be pushed until completed.

Mr. W. H. Gragg continues to build for sale or rent. Just now he is pushing to completion another bungalow in the eastern part of town. If you contemplate moving to Boone see him.

COVE CREEK ITEMS

The school was glad to have Rev. Ben F. Smith at the chapel service on Monday. He was accompanied by Mr. Urah Farthing.

The girls of the Cove Creek school played the Boone girls a game of basketball on Tuesday night. An even number of points was scored by both teams and the game stood a tie when time was called.

With the basket ball season over interest is now being turned to baseball. Captains and managers of first and second teams have been elected and the teams organized. The first game was played Saturday with the Mabel team, the score standing 7-1 in favor of the Cove Creek High School.

Many students and several of the faculty attended court on Monday, there being no school on that day. It is planned to make up the day by having school on Saturday.

Only a month ensues of the school year and a very important month it is. If for any reason a student loses out the last month, his record for the entire year may be seriously injured. The attendance has been good except during the last few weeks it has been lessened on account of mumps.

Boss—"What is your idea in telling me a lie like that?"

Office boy—"I'm trying to qualify as a road salesman for this firm."

WORTH WHILE CLUB

Friday afternoon March 20, the ladies of the Worth While Club enjoyed an imaginary trip to Ireland. Each guest upon arriving at the home of Mrs. W. L. Trivett was escorted by Miss Nell Trivett into the sun parlor where she "kissed the Blarney Stone," then passed into an adjoining room where a most interesting Irish program awaited them.

With the president in charge the following program was enjoyed by all.

A reading entitled "Jolly St. Patrick" was given by Mrs. J. T. C. Wright.

A recitation "The Birthday of St. Patrick," by Ruby Trivett.

Misses Lucy Moretz, Audrey Alphin, Marianna and Nelle Trivett delighted the club with an Irish musical program. They gave several selections of the popular Irish songs that never grow old.

Business interests were now taken up. Some old business plans were disposed of and some new plans were discussed and committees appointed to complete same.

A request was made for help for a needy family in the Beaver Dam section. Also the needs of others in our own community were to be investigated and reports made.

Each guest enthusiastically participated in the Green Contest. This contest being a very unique one was somewhat of a puzzle to most of the guests. Miss Lucy Moretz seemed to possess more Irish wit than the rest and won a beautiful flower basket.

The fun-provoking event of the afternoon was the pig contest. Mrs. J. M. Moretz was the winner of the prize pig, of which she is very proud.

Dainty refreshments were served. The individual cakes with shamrock designs of frosting made the guests believe they were still in Ireland.

The next meeting of the club will be at the home of Mrs. John Greer with Mrs. Greer and Mrs. Huggins hostesses.

FRIDAY AFTERNOON CLUB

Hospitable and charming was Mrs. H. L. Wilson as she entertained the Friday Afternoon Club March 20th at her home on Howard Street. She ushered her guests into rooms appropriately and beautifully decorated with jonquils and other spring flowers. The afternoon was pleasantly spent in needlework, friendly conversation, and participation in old-fashioned games.

There was a business meeting during which the secretary gave a most interesting report. Mrs. Wilson ushered her guests into the dining room where the decorations were yellow and white and where dainty yellow and white baskets of nuts held individual place cards for all present. There the hostess assisted by her niece, Miss Verna Newton and Miss Louise Critcher served a delightful two course luncheon: The first being Manhattan salad, tomato sandwiches, veal loaf sandwiches, stuffed cheese peppers and hot coffee. The second course consisted of yellow and white brick ice cream and caramel cake with maple nuts.

The club gladly welcomed Mrs. I. G. Greer back again, and she will entertain the club next time.
