# DELIGHTS BATHERS

### Warm-Water Year.

New York. - Veteran fishermen cheer sea bathers this senson with word that this is apparently to be a "warm-water" year inshore.

The rate at which cold-water mackerel have been passing this coast without making the usual stop and warmwater bluefish have been flocking in is advanced as the basis for the fore-

The ocean's present heated fringe along the coust, as indicated by the predlection of these finny weather vanes, the one for cold, the other for moderate temperatures, is still furmind, by conditions at sea. They cite turning tourists and the rising mer-cury found on approaching land.

Lay Effect to Gulf Stream While the migration of fish and the

behavior of the deep are largely a matter of theory practical anglers adult they nevertheless explain the present stanospheric condition by the gulf

The signs at hand show, they say that the gulf stream mixed this spring currents could down from the ar-de to moderate the inter as they flowed down their southern grootes. The condition is therefore regarded

as fundamenter corres

### CHEMISTRY OF BODY IS BEING STUDIED

#### Novel Field of Research at Pennsylvania "U."

Philadelphin -- A new field of set entity research is being developed by the psychological clinic of the University of Pennsylvania

The findings have been of great value, indicating, it is sold, the curn tive measures to be employed in the treatment of stammerers thus examined.

Doctor Start believes that, as a method of investigation, physiological chemistry has proved of inestimable value to the physician, and should be f equal value to the psychologist. Anglers Say It Is to Be with this thought in view, the pay chological clinic of the University of Pennsylvania is developing blochem ical research of psychological prob-teins under its own direction.

### Holy Year Pilgrims Make

Rome Polyglot Capital Rome .- The Hufuistic attainments of policemen, taxi chausteurs, hotel suplovees and other workers who have to cater to the needs of Halv's vast touclet population have been se verely taxed this year by the influx of holy year visitors.

Hotel managers, porters and valets who once were able to satisfy their ellents by a pessing acquaintance with Italian, French and German now are frequently reduced to conversation by loquent gestures.

Hotel notices and other tourist information posters which until this year had been printed in three or four languages now in some cases boast of as many as six or seven.

Recently taxicabs and cabs were provided with booklets setting forth the scale of prices in Italian. French, lerman, English, Spanish and Polish.

And even the expert philologists who onst of being able to make then solves understood in Russian, Serbing, Rumaning, Hungarian and all other ral and northern European languages often controlited with a more baffling difficulty by the presence here d persants from remote sections of their native lands, particularly linky and Germany who know no tongne other than their respective regional dislects.

# the E. M. Presnell Farm **Tuesday August 11**

### 10 A. M.

# **ON BEECH CREEK**

On the above day and hour we will sell at absolute auction a farm now owned by S. C. Eggers & Company, better known as the E. M. Presnell farm, located about 12 miles from Boone on the Beech Creek road. This farm consists of about 250 acres which has been subdivided in a way and manner that we are sure will meet with the approval of the buying public and includes several good residences and tenant farms and cut into small farms. Three good orchards and is known as one of the best grazing farms in Watauga County. Public road runs directly through the farm.

If you are interested in buying a small or large grazing farm it will pay you to investigate the wonderful possibilities that this farm presents. Ideally located, well watered well timbered and good houses, and it will be sold when the last bid is made regardless of price as the owners have instructed us to sell it at the price you are willing to pay on long easy terms. Look it over and for further information apply to S. C. Eggers, Boone, N. C., or see our representative, Mr. J. R. Puette.

AUGUST 6, 1925

Control of the sources of supply. will necessarily eliminate the little fellows from the scene of law violation without further action. They cannot sell the booze they cannot obtain.

the Claveland Plain Dealer, whose cal communities to carry their share of the burden of enforcement.

#### Robbing Church

New York .- Mrs. Charlotte Leman was caught robbing a contribution box In St. James' pro-cathedral. Brooklyn. When searched \$1,179 was found in her clothing. The box contained but a few small coins.

A charge of burglary was preferred against the woman, who said she was twenty-seven years old.

#### Cattle Free of Disease

London .- Restrictions imposed by the ministry of agriculture in connection with foot-and-mouth disease in the countles of Warwick, Cheshire and Northampton have been withdrawn, There are now no restrictions in force in Great Britain for the first time since the widespread outbreak of 1923.

···· School Has One Pupil; Teacher Is Her Mother Middletown, N. Y .- A nove situation exists in School Dis trict 5 of the town of Forestburg, Sullivan county. There is only one class in the school and only one scholar in the class. The teacher is Mrs. Mary Hickey and the scholar is her daughter, Anua.

The purchase of farm lands in the district by the Mongaup Falls Power company for the purpose of constructing a supplementary dam has caused the rare condition. A short time ago the school had twenty-five pa pfis
