WE TOLD YOU SO! They Came. They Saw, They BOUGHT! They Actually Carried The Goods Away by the Loads

You never saw anything like it before in all your life. It looked like a circus. Where the crowds came from nobody knew, but they were here, and some of them from 40 miles around. Everybody buying, everybody smiling, everybody saving money. It was a scene long to be remembered by those who were fortunate enough to attend during the first few days, and still they come. The good news is being spread far and wide. Scores of sales have been held in this town. No doubt you have attended a great many of them and saved by doing so, but never have you been to a sale such as this. Our entire stock has been placed on the altar of sacrifice with the full determination to raise CASH and reduce stock. If buying merchandise at a fraction of its true value, interests you, make your arrangements to come here today and every day till the sale closes

Don't forget the rooster contest. All next week the thing is to guess how many kernels of corn the rooster can eat in one week. With each 50 cent purchase you make with us we give you one guess. The one guessing the closest will receive the rooster, all fattened up for Sunday dinner. Its lots of fun and it don't cost anything. The rooster will be placed in front of the store all the week so you can see what the lucky one will get. Get in the jam and have your fun and save money at the same time. Don't forget it is all next week, and the last week of the sale.

MURDER! POLICE! DID YOU EVER SEE THE EQUAL OF THIS? DON'T MONEY TALK AT THIS SALE?

When you enter the golden gates of this grand and glorious bargain event showers of unheard of values will storm upon you like a shower of gold from the high heavens. You will have the sensation of a treasure hunter digging for a chest of gold, a feeling that you never had before. Stop your work, lock the house, dig up those old rusty dollars, for you can spend both sides of them here. If you haven't any borrow some. Jump in the old flivver, ride the old gray mule, or walk. If you only have one leg borrow a cork leg and hop. Anyway to get there, but get here, for this is a sale you will be proud to tell your grandchildren about in the years to come. High class sales people will be bounding at your service like a bouncing rubber ball. Bring your family, bring your friends, they are sure to thank you. Follow the crowds, Remember the place, and hit the dusty trail that leads to Hardin's big sale and happiness. Buy here and bank the difference. Come every day.

Why not use that little stream of water that flows near your home for making your electric lights and power for home and farm use?

The new **Hydro-Light** plant that has just been invented for making electric power from very small streams is a marvelous success and achievement. The first cost is all the cost in obtaining lights from this new plant.

It costs nothing to investigate. Stop in and see or write me about this little new turbine light plant.
