It may cost 50c more per bag to feed Tuxedo Egg-mash and Scratch than it does to feed Straight grains or home-mixed rations, or thirty-five cents extra per hen per year.

But—the average farm hen lays seventy-two eggs a year. Fed Tuxedo the year round she will lay around 150 eggs. Many lay 175 to 200 eggs. With eggs selling at 3 cents each average yearly, the hen has to lay only one extra egg a month to pay the extra feed cost. The remaining sixty-six eggs are clear profit.

**XMAS MONEY FOR YOU**

**Search Your Attic for Fortunes in Old Confederate Envelopes**

Among the old letters of many Southern families are hundreds of very rare stamps and envelopes. Many have been found and sold for small fortunes. Single envelopes have been sold for as high as \$2,000, and many have brought upwards of \$100 each. It sounds "fishy," but it's true. They are valuable because they are rare. And they are rare, not because there are only a few, but simply because most of them have remained stored away and forgotten, in old trunks and closets.

Make a thorough search through your attic or store room for these old war letters. Fortunes in rare stamps or franked envelopes have been found in old trunks which no one ever dreamed contained anything of value. Keep the letters if you wish, but send the envelopes to Mr. Harold C. Brooks, Box 223, Marshall, Michigan, and he will immediately write you, stating their value. In sending them to him you are not obliged to sell unless his offer meets with your approval. Anything not purchased he will return in good order. Mr. Brooks, who is mayor of his city, is a private collector and has paid thousands of dollars for old envelopes. Although the rare issues are especially desired he also buys many of the commoner kinds. Many people in this way are getting Christmas money with very little trouble and no expense.

The First National Bank of Marshall, Mich., writes: "Mr. Brooks has been in business here for twenty years. You will make no mistake when you recommend him to your readers as worthy of the fullest confidence, both financially and personally."

Mr. Brooks states that there are so many different stamps which are similar in appearance he cannot quote values from written descriptions, but must see the envelopes. There are, for example, ten different Confederate government stamps bearing the portrait of Jefferson Davis, and many local stamps or stamped envelopes are very much the same in appearance. The same is true of U. S. issues, the heads of Washington or Franklin being used on different stamps. Mr. Brooks does not buy loose stamps, stamp collections, coins or Confederate money. Stamps should not be cut from the envelopes and no dates written on. He is fully acquainted with all issues even though the postmark may show no year date. Those especially wanted are Confederate issues, but he also buys U. S., Canadian, Hawaiian, and certain foreign stamps provided they are on the original envelopes and mailed not later than 1965.

If envelopes are sent in a bunch they should be carefully packed in a cardboard box to protect them from damage while in the mails. If you have reason to believe your envelopes are of special value send them by registered or insured mail. If you have no old letters written during or before the Civil War, show this notice to your friends—especially those whose families have lived in the same home for several generations. Many old families, old banks and law firms still have stored away hundreds of letters, waiting to be burned or sold for large sums. Before destroying such envelopes or folded letters investigate their value. Mr. Brooks' address is as follows:

HAROLD C. BROOKS,  
Box 223, Marshall, Mich.

**FLORIDA**

The desire to own a little bit of FLORIDA is universal. It will continue to draw people by the hundreds of thousands as long as the cold disagreeable weather continues in the north. FLORIDA will fill up rapidly and in a few spots be thickly populated. Land values—especially the choice spots, will continue to go up. I have control of two blocks of lots in INLET PARK on Merritts Island, in the famous Indian River Orange Section. These lots overlook Indian River and are only about five miles from the Atlantic Ocean. Property near the Ocean is in greatest demand. Buy one, two, or a dozen of these lots, give one apiece to the children, hold them a few years as a nest egg, come down and camp on them, build a winter home, or just leave them as they are and forget about them for a few years and see what they will sell for. Dozens of lots no better than these are now selling for five times as much. Merritts Island is teeming with activity. Lots are 25 by 100 feet. Price each \$100 or \$125 for corners, half cash, balance on delivery of warranty deed. H. W. Horton, 601-3 Seybold Building, Miami, Fla. 11253

Better Buick operating costs are very low. This car is thrifty—both in purchase price and in ownership.

Buick design protects all operating parts from dust and wear—barricades them with iron or steel housings in the famous Buick "Sealed Chassis" and "Triple Sealed Engine".

The Buick Valve-in-Head engine develops more power

from a given quantity of gasoline.

And now, the Buick oil filter makes it necessary to change crankcase oil only at rare intervals.

Even smaller, less powerful cars do not match the Better Buick in low cost of operation and maintenance. You add to your power to economize when you buy a Better Buick!
