Relieves the congestion, prevents complications, and hastens recovery

ANUARY and February are nor ordinarily good months for busie ness large firms all over the country dread this period, for it means to many of them that they must curtail their production; must cut down their organization; must go through a period when they are just marking time, waiting for the pring buying to start. It is the hibernating time of big business.

Curtailing production means the shortening of lorces. It takes time to build a smooth working organization and such in organization must be kept busy. It has taken years and much careful planning to build our It is made up of trained organization. people who know our customers' requirements-who know the keen satisfaction of an order promptly and properly shipped. They are an up and doing crowd that are happiest when they are busy. Months ago we planned to keep them busy during this period.

Months ago we went to representative manufacturers and producers of high grade merchandise and said to them: "Make us prices on your products that will enable us to offer our customers, during January and February, prices that will defy con petition; prices that will offer such real savings that it is well worth their while to buy at this time and we will give you orders for merchandise that you can make when your plants need business, and we will pay you cash. You can keep your factories running full time, when ordinarily you would be hard pressed for an outlet. Out your costs to us and give us the best you can make and our customers will solve your problems, as well as ours."

To many of them it was the one thing they needed-volume business
