

A Progress Fair

This Fair should be attended by every person living in this community or the surrounding territory accessible to it. It is, in fact, your fair, and the officers are running it for you. They want your assistance in making it a fair that the whole community will be proud of. They not only want your attendance, but they want you to exhibit something. A fair cannot be made a success without liberal and substantial encouragement from the public and exhibitors. While the management assures the people that it will spare neither time, labor nor expense to make the exhibition large and a glorious success, it wants to be seconded by the liberal hand of the whole people in this whole section, and is relying upon you, and your neighbors and friends, to boost the fair in every way you can devise.

Meet Me At the Johnson County Fair

A Progress Fair

We aim to get up an exhibition that will not be a plain repetition of the efforts of former years; but plan to have a live, progressive fair, abounding in fresh and novel sights and features that will be interesting because new and strange to the eyes of those who witness them. We hope to be able to make this the most marked and memorable of any show ever held by the Johnson County Fair Association, or held in this section of the state. It will be our endeavor to have the grounds, halls and exhibits exceed in extent, novelty, cleanliness, freshness and splendor, those of any former years, and the occasion more conspicuous and gratifying. We are ambitious to hold a fair that will have no superior in its class, and be the event of the season. Do you approve of this? If you do, co-operate with us in getting the results.

FOUR BIG DAYS AND
FOUR BIG NIGHTS

A NEVER TO BE FORGOTTEN FAIR, WHICH EVERY MAN, WOMAN AND CHILD SHOULD ATTEND. THE SEVENTEENTH ANNUAL FAIR OF THE JOHNSON COUNTY FAIR ASSOCIATION, JOHNSON COUNTY'S OWN INSTITUTION, WILL BE HELD AT MOUNTAIN CITY

Tues. Wed. Thursday and Fri. August 21, 22, 23, 24

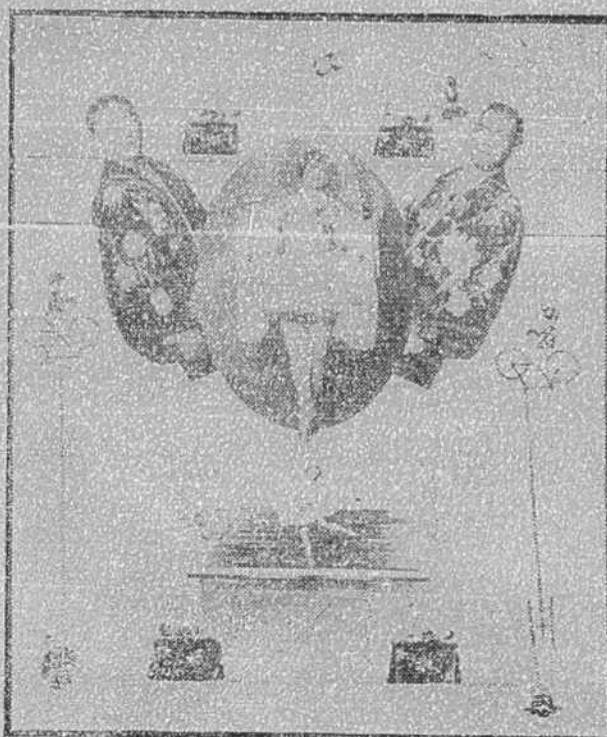

We say Johnson county's own institution, but do not understand us to be the least bit selfish. The good people of Ashe and Watauga counties, North Carolina; Washington county, Virginia, and Sullivan and Carter counties, Tennessee, are invited and urged to compete for the premiums offered by our fair. Our catalog has been revised and premiums increased until it is on a par with our state fairs. The judges of the livestock shown at our fair are unknown to us until they appear in the ring for judging your exhibits and if you do not take a blue ribbon it will not be on account of the management.

Unusual Showings in Livestock Departments

The Livestock Department will be of both personal and pecuniary interest to every owner and admirer of choice domestic animals. It will embrace many champion specimens of purebred Horses, Cattle, Sheep, Swine and Poultry, while the agricultural department will abound with examples for study and opportunities for Field, Garden, Orchard and Flower Culturization, the domestic hall will be fully representative of women's genius and thrift. Never before in the history of the organization has there been so wide a collection of exhibits as are expected this year.

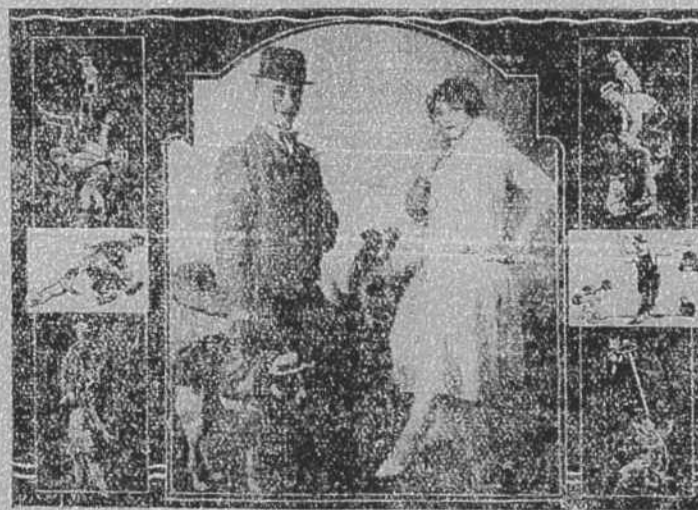

Amusement Features Never Before Presented

We have secured a splendid carnival, the famous Gold Nugget, to play the fair, with new thrills for old and young, new shows, new novelty rides and plenty of them. No unlawful concessions or suggestive shows will be permitted. Our free attractions are new, novel and different and will be the most talked-about in years. A large part of them have never before been offered in a small town, but the management feels there is nothing too good for the people who attend the Johnson County Fair.

THE HORI JAPS

Two men and one lady who appear in an equilibristic potpourri, that for speed, agility and originality is unequalled. The cleverest Oriental trio ever brought to America.

THE ORIENTAL ROEDERS

Big favorites everywhere in past seasons and duplicating these honors again this year are the original Roeders. This act is comprised of a man, a woman and a dog and is exceptionally clever acrobatic comedy act. They present some very clever and sensational tricks, interspersed with wonderful comedy. The dog, comprised of a man, a woman and a dog, and is an exceptionally trained, and does a number of wonderful tricks that strongly appeal especially to the women and children. The girl in the act is very pretty, making an admirable foil for the funny antics of the clown. The Roeders are presented here under the highest recommendations from other cities they have visited.

THE ETZ DUO

Miss Loure Etz is a personally attractive and remarkably athletic young woman of untold skill, who in combination with her intrepid partner, present some of the best feats ever seen in the double trapeze and "Roman Rings." This attraction is of a very high type and the fair management considers it about the best they could secure with which to please their fair audiences.

RACING AND HORSE SHOW

Every day throughout the fair there will be better horse races than ever before, while the main feature will be the HORSE SHOW. Here you will see the powerful, ponderous steeds, the medium, middle and all-purpose breeds, the diminutive ponies, embracing the well-bred, proud-stepping, high-spirited, arch-necked, lithe-limbed, fleet-footed, the useful and ornamental—all combined in the greatest exhibition ever attempted here.
