Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. These are our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itchy about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 50c a bottle, and can be bought from

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria have him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.
Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which quickly neutralizes acids. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali neutralizes instantly many times as much harmful acid, and then the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.
Get the genuine Phillips' Milk of Magnesia, the kind physicians have prescribed for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.
