

Today and Tomorrow

By FRANK P. STOCKBRIDGE

Ford

The best news I have seen in the papers in a long time is the announcement that Henry Ford is about to start production on a new line of cars.

And the number of men who will go back to work in the Ford factories will make a big dent in the unemployment situation.

Wallace

The death of Edgar Wallace, most prolific writer of detective fiction, is a personal loss to hundreds of thousands of Americans who have been in the habit of reading every new Wallace book as soon as it came out.

Edgar Wallace was a giant of a man, of apparently limitless physical energy, but even the strongest is not proof against pneumonia.

Butler

Dr. Nicholas Murray Butler has just celebrated his thirtieth anniversary as president of Columbia University in New York City.

Silver

Now that the major financial problems of the nation are rapidly being cleared up, attention in Washington is focusing again on the monetary position of silver, of which I have spoken before in this column.

Names

Under the common law which prevails throughout most of the United States, a person's name is anything he or she chooses to make it after arriving at the age of independence.

Names

James Branch Cabell, famous American author, has just made the public announcement that his name is now simply Branch Cabell.

Alice Herself

There really was an Alice, for whom the Rev. Charles Lutwidge Dodgson, using the pen name 'Lewis Carroll,' wrote 'Alice in Wonderland' seventy years ago.

Sunday School Lesson

REV. SAMUEL D. PRICE, D. D.

International Sunday School Lesson for February 28th JESUS RAISES LAZARUS FROM THE DEAD John xi, 32-44

Human interest stories attract unusual attention and here is one that is rich in thrills. The scenes are laid in the region beyond Jordan called Perea, where Jesus is in the midst of an intensive ministry with His disciples.

Announcement of the death of Lazarus is brought by messenger to Him while in Perea, possibly twenty miles distant.

Martha, the resourceful, meets Jesus outside the town and is comforted in just telling Him all about it.

Abruptly we turn to the Golden Text for the sublime truth, 'I am the resurrection and the life; he that believeth on me, though he dies, yet shall he live.'

TRUE BILLS FOUND AGAINST HARWOODS BY GRAND JURY

Raleigh.—Wake County's Grand Jury last week found true bills against Miss Lola G. Harwood, late employee of the State, who is charged with the embezzlement of \$4,823 of the State's money.

The indictments were brought and the bills prepared after extensive hearings in the attorney general's office in which State department clerks were examined by Attorney General Brummitt and his assistant.

Solicitor J. C. Little is not certain when he can reach the case. It is not probable that it can be tried earlier than April as there are numerous jail cases ahead of this one and these defendants are out on bonds.

JAPANESE FORCE COOLIES TO AID IN THEIR FIGHTING

Shanghai.—The men every tourist knows—the Chinese coolies—have been impressed into service as the men behind the Japanese guns in Shanghai's war.

Half-clad, mute, and carefully masking their own reactions, gangs of the coolies are taken forward each morning to carry ammunition for the big guns that belch death for their own brothers and cousins across no man's land.

When the day is over, the coolies are again herded together at the point of a bayonet, searched for arms, checked off and taken back to Shanghai aboard trucks.

AVALANCHE IN WASHINGTON STATE KILLS SEVEN PERSONS

North Bend, Wash.—An avalanche of mud and rocks swept down the sides of Mount Washington six miles from here Friday, killed seven persons and demolished four homes.

The houses and bodies were swept for nearly a mile down Boxley canyon, according to W. M. Blake of Snoqualmie, who was at the scene.

"It was awful," he said. "The melting snow loosened a huge section of the mountain which swept down across the railroad tracks and onto the homes. We found the bodies of Mrs. Claggett and R. A. Moore half a mile below their homes."

ROBINS ARE PROTECTED BY STATE AND FEDERAL LAWS

(The Wilkes Journal) W. C. Lisk, of Richfield, assistant State game warden, was in North Wilkesboro recently conferring with County Warden T. A. Finley and they have issued the following statement calling specific attention to the fact that robins are protected by both State and Federal game laws:

"Under the migratory bird treaty act, regulations issued by the U. S. Bureau of Biological Survey, robins are classified as a migratory insectivorous bird, (see regulation 1, section 2), and, a closed season is recognized for this type of bird throughout the year. (See article 2, section 2.)

FOUR SAVED FROM CHAIR

Albany, N. Y.—Governor Roosevelt last Thursday commuted to life imprisonment the sentences of death that were to have been carried out that night on four men convicted in a murder of a New York City garage man during a hold-up.

France Buys 50,000,000 Gas Masks for Citizens

Paris, France.—Fifty million gas masks have been ordered by the French government for civilian use; it has been learned from official sources here.

The masks, to be manufactured during the next two years, will be fitted against the deadliest gases developed since the World War. They will insure immunity for ten hours, after which the chemical canisters can be changed.

OWL CARRIES SNAKE INTO CAR AND MOTORIST LEAVES

Goldboro, N. C.—G. A. Jones, editor of the Square Deal, Goldboro and Snow Hill newspaper, was astonished on a recent night when an owl flew through the open window of his car holding a long black snake in his claws.

No wreck followed, but the editor, a one-armed man, lost no time in putting on brakes and stopping the car. It is stated that he got out quickly. After due consideration, he cautiously opened the door and shooed out the undesirable occupants.

JESS WILLARD TELLS COURT HE IS BROKE; SAYS TIMES ARE BAD

Los Angeles.—Jess Willard, one-time world heavyweight boxing champion, says he is broke.

In Federal Referee N. T. Mulville's court Friday, Willard produced a quarter and two pennies, and said it was all the money he had. He had appeared to explain failure to \$106 judgment.

SOUTH CAROLINA MAY PLACE TAX UPON COFFEE AND TEA

Columbia, S. C.—A tax of five cents on each pound of coffee or tea sold in the State would be levied under a bill introduced in the House Friday by Randolph Lee, of Dorchester, and R. J. Williams, of Marion.

Fifteen Catawba County poultrymen have had their flocks blood-tested for the production of accredited eggs for hatching purposes.

CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads. When Baby's cry warns of colic, a few drops of Castoria have him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging. Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

Reduce the Acid SICK stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are overstimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia; one harmless, tasteless dose neutralizes many times its volume in acid. For 50 years the standard with physicians everywhere. Take a spoonful in water and your unhappy condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours. Get the genuine Phillips' Milk of Magnesia the kind physicians have prescribed for 50 years.
