PLAN GREAT ROAD **CELEBRATION SOON**

Completion of Last Link in Youan see Trail to Be Celebrated July 15; Governor Ehringhaus and Other Notables Are Expected.

Governor J. C. B. Ehringhaus, for-mer Congressman M. H. Thatcher, E. B. Jeffress, chairman of the State Highway Commission, and many an-other notable are expected to be pres-ent on Saturday July 15, at the formal celebration of the opening of the last link in the Yonahlossee Road, between Blowing Rock and Linville. Announcement of the celebration was made this week by Nelson McRae, of Linville, Mayor Grover Robbins, of Blowing Rock, and R. L. Gwyn, of Lenoir, who are the committee in charge. According to Hugh McRae, of Wilmington, president of the Black Bear Trail, Inc., the occasion will be gin with a meeting on Friday evening, July 14, at Galax, Va.; whence a motorcade will travel over the newly-completed stretch of road between Blowing Rock and Linville, around the side of Grandfather Mountain, and will have lynghess in the letter and will have luncheon in the latter

Although the road will not be paved before the end of the summer, the widening, shortening of curves, con-struction of culverts and other improvmeents are practically complete. and the dressing of crushed rock will be smoothed out to prove an excel-lent surface for the celebration. The road is new passable throughout the eight miles which have been under construction during the winter and spring.

Is of Wide Significance

The opening of the new road is of much more than local significance. The eight miles newly-constructed of the twenty-mile stretch between the two resort villages, are the last link to be completed in U.S. 221, or the Black Bear Trail, which stretches from Quebec to Miami. It is also the last link to be finished in the Parkto-Park Highway, extending from the Shenandoah Valley National Park to the Great Smokies National Park, a route which will bring thousands of new visitors through Blowing Rock and Linville every summer. "Yonahis an Indian word for "Bear Trail," and the local appelation of the famous Blowing Rock-Linville courthouse stands with its roof six lost their courage before highway has been applied to the treproudly looking down over the town diers came and fied.

Nelson McItae, of Linville, recalls the first building of the Trail of the Bear, which was in 1891, by a company headed by his father, Hugh Mc-Rac. S. T. Kelsey, civil engineer, was in charge. At Mr. McRae's insistance, the route was made to follow its winding but superbly beautiful course between the two towns, and the grade baid out for this early toll road has been left practically unchanged by the State engineers in charge of the present job. The entire Yonahlossee road was first built at a total cost of \$12,000, contrasting with a cost of approximately \$15,000 a mile for the paved highway to be celebrated on July 16th.

TAX REDUCTION FUND HAS MET ITS OBLIGATIONS

3394,961.78 Distributed to Counties of State for Extended School Terms. A. T. Allen Sends Out Checks. Watauga Gets \$1,505.10 from the 1932-33 Fund, But None from the 1931-32 Allotment.

Raleigh. - The State of North Carolina has met its final and complete obligation to the counties in connection with the tax reduction fund for operation of the public school extend-ed term for the past two years by sending to the counties a total of \$394,901.78, representing balances for the school years 1931-32 and 1922-33, Dr. A. T. Allen announced Mon-

Governor Ehringhaus made the fund available, as director of the Budget, to liquidate the obligations incurred against this fund for operation of extended terms, Dr. Allen, who sent out the checks, announcing that it meets in full the appropriation made by the State Board of Equalization for this purpose and which the district taxes collected as of March 1, 1933, matched.
"The tax reduction fund, or the

State's contribution to the extended term for the last four years, has meant the preservation of the rural school system in North Carolina," Dr. The New Deal calls for a larger army Allen said. "Without this fund the of Federal employees in the field rural schools would have suffered an utter collapse. For the next biennium than has ever been seen; more than enough, probably, to make up for all the dismissals in Washington. this fund is no longer necessary, be-cause the State-supported uniform 8months school term guarantees the continued integrity of the State sys-
