## Merchant's Dream of Modern Store Realized

While talking this morning with a representative of The Democrat, Mr. A. S. Harris, manager of Spaulhour's Store, stated that his dreams are now realized. Ever since he became connected with the Spaulhour organization Mr. Harris has dreamed of the time when he could give to the people of Boone a store that would nearer serve their needs. Now that business conditions have improved so much, and the increased volume of business his store is enjoying, he felt that the time had arrived for extensive remodeling. Spaulhour's store has been completely changed during this past week. Mr. Harris secured the services of one of the South's leading store designers, and together they have reworked every department, making shopping at Spaulhour's much easier.

The ladies' ready to wear and millinery departments have been moved to the balcony. Mr. Harris stated that the space these two departments occupied was not large enough to carry the larger stocks that the sales in these departments justified. Now that more space is available on the balcony, an even more complete line will be carried. Miss Loretta O'Daniel will continue to head these departments.

The piece goods, hosiery, notions, etc., have been moved to the west side of the store. The entire right side of the building is now occupied by these departments. Mrs. Stewart Winkler will continue in charge of these lines, assisted by Miss Louise Critcher. The shoe department now occupies the entire space under the balcony. This department was not moved but greatly enlarged, and it now occupies nearly twice the floor space as formerly. A large stock of new spring shoes has just arrived for the opening of the remodeled store today (Thursday).

The public demands for men's clothing has been answered, says Mr. Harris. He has added a complete department featuring suits, hats and furnishings for men, which occupies the entire east side of the store. Mr. Tom Redmond will assist in this department. The men's suits will be in the popular price field, featuring two prices that insure good quality and leading styles. Mr. Harris says that it is his intention to always carry the very newest styles in clothing and to give to the people of this area a clothing department that is above the ordinary.

Since the store has been repapered throughout, all the fixtures refinished, Spaulhour's has a very pleasing effect. The light is improved by using silver finish for the interior, and by a new arrangement of the departments and tables. The Democrat rejoices with Mr. Harris in the realization of his dream of giving to Boone this thoroughly modern store.

## ATHLETIC EVENTS

Boone's Agricultural team won a decisive victory over Cove Creek's Agricultures Saturday night by the score of 15 to 11. The game was close all the way, but Boone rallied late to mark up the winning points. This was the second straight victory for them, taking a game from Newland Friday evening. All the boys played well and Scott's shooting was outstanding. Green was good at taking them off the board.

Hersal Scott scored 18 points as Boone High's Agriculture team won its third straight game, by turning back Newland's Agricultures by a score of 37 to 18.

Boone High won its sixth straight game Tuesday night by nosing out Newland, 17-11, in a thrilling game that was not decided until the last minute. Hamby was high scorer for the night with seven points. The game was tied at several intervals, and it was uncertain who would be in the bed at the final whistle, but Boone sank in three goals in the last minute to clinch the game.

Boone High boasted 5 straight wins Monday night by the score of 37 to 16. Bethel was the victim. The game was Boone's throughout. Bethel was game but they couldn't keep up with the fast pace set by our much improved team.

Boone High's girls showed unusual

strength Tuesday night by dropping a close game to Newland, 16 to 7. The first three quarters were close; the third quarter ending with Newland leading, 8 to 7. Canipe was high scorer with five points. Gragg was especially good at her new guard position, checking many scoring thrusts that would otherwise have been converted into opposition scores.

## THE RAMBLER

Good-day, my friends—ladies, gentlemen, and countrymen—as my fiancé, T. Edward Lovill, would express it. Yeah, he's our future lawyer and he's always practicing up on his oratory!

Ya know when "Pills" Hayes is blacked up he reminds me of one of those cute lil tin chicken snatchers—only I never caught him with a chicken! . . . A high town church is not where everybody wears bonnets, but where everybody turns smack around in their seat to look at the late-comers. . . . Agnes Welch seems to be partial to all boys bearing the nice little cognomens of "Dwight" or "Robers." So, laddies, if you are interested you're gonna have to change your names. . . . Have you noticed how all the music lovers flock around the piano in the cafeteria at lunch time, and have you heard the awful walls issuing forth from said place?

Wonder who the cute lil jane is that Dwight Houck has been escorting around so much lately? I think she is a college gal, though. So—Dwight seems to like 'em with superior intelligence, huh? Just between you and me, I think it is so she can do the thinkin' for both of them! . . . Say "Tubby," how does it feel to be the daughter of a future member of Congress? . . . Well, folks, my announcement concerning wearing apparel of the Senior girls was wrong. They have went and changed their minds again. They are going to wear silk frocks instead of the aforesaid evening gowns, I think. Boy, oh boy, graduation is a mess! I'll be glad when it is all over with. . . . I hear rumors to the effect that Miss

Vivian Carico is soon to be crowned the "Mae West" of the high school on account of, as Johnny Perry would say, "She curves and curves!" . . . I have often wondered and still do (for it seems that there is no end to my insatiable curiosity), just how Mrs. Piatte would look with her hair curled. . . . If the traffic ever gets stalled in the halls or pinched tightly in a doorway so that no one can move, thus causing a jam up, there is usually one solution—namely, that Mr. Charles Osborne (Fatty) has tried to pass through while someone else had the same intention! . . . Well, how did you like our play, "Crashing Society"? I warned you that it was good, didn't I?

Yours till Niagara Falls,  
—THE RAMBLER.
