What Happened

Pop! Crash! and the curtain rose on an evening of merriment. The stunts were: Following is the program presented: Home Economic Girls—Manless Wedding; Freshmen Girls—The Girl With Many Suitors, and Miss Mademoiselle Tootsie Toots, and Tight Rope Walker; Freshmen Boys—The Higher and Lower Berths; Sophomore Girls—Give Me a Ring; Sophomore Boys—Lion Tamer wanted; Junior Girls—The Bandana Dames; Junior Boys—A Tale of a Father's Wrath; Senior Girls—The New Radio, and a song, "Down by the Old Mill Stream," by two girls; Senior Boys—Here We go 'Round the Mulberry Bush; Freshmen Agriculture Boys—A Cure for Falsehoods.

We heartily thank you for your cooperation.

Armistice Day Program

An Armistice Day program was presented for the enjoyment of the student body on Friday, November 15.

Helen Gragg presided, while Frances Miller announced the various numbers. The program opened with a group of boys singing "Here We go 'Round the Mulberry Bush." Scripture reading by Vivian Carico was followed by prayer. Martha Moore sang a solo, "In Flanders Field." Next were three one-act plays on peace and ways of preventing war. Lalla Clay gave a musical reading entitled "The Unknown Soldier." All sang "Pack up Your Troubles," and concluded the program with "The Star Spangled Banner."

The program was very inspirational and was enjoyed by all the students.

Chapel Program Saturday, November 16

The American Legion presented a special program for National Education Week. Mr. Teal was in charge. Allegiance to the flag was pledged in unison, and a verse of "America" was sung. Mr. Teal, a member of the American Legion, made a short talk and Mr. Chisholm talked on America, how it has been served in the past and how we may serve it in the future.

We enjoyed the talks and appreciate the interest they showed in our welfare by speaking to us on the subject which is now of vital interest to every American.

The New High School

We, the students of B. H. S., are overjoyed with the thought of getting a new school building. We hope that the plans may be carried out.

We have tried to make out with the school building we are now using, and to make it as comfortable and attractive as possible. Some of the rooms, as you know, have potted flowers and curtains in them. The equipment we have is not sufficient but we are doing our best with it. For a long time we have needed an auditorium and gymnasium. These improvements we are hoping to find in the "new school building."

Taking this opportunity, we are thanking those who are responsible for the new building.

The Rambler

Crash! Bang! Whoopee—Gangway! Uh huh, you guessed it! 'Cest moi, as the French say, Yes, I am back on the job again this year, and friends, if you've cherished any fond dreams of getting rid of me this year, I am afraid you are badly mistaken. I will be with you again this year—and—Naughty! naughty! Now, is that a nice welcome, I ask you?—Now for a little gossip. Several of our faculty members of last year have been replaced by new teachers. Mr. Tennyson (not Alfred Lord himself—must be a descendant) is now the head of the Physics and Biology departments as well as the teacher of Geography—(By the way, geography is a new subject they've just given us the privilege of studying for the first time this year.) Miss Rhyme, replacing Miss German of last year, is the instructor of the Home Economics Department; Miss Mickle takes Miss Graybeal's place in the English Department, and last but not least, however, Mr. Merrit is our new coach. He is probably better known by the friendly title of Coach "Monk" Merrit. If the various physicians of the B. H. S. students report a reduction in the students' weights, you will know it is because of the fact that our cafeteria has not yet opened up, and, alas, we students have no hot zoup (as Wimpy says) for our lunches. Well, all "good" things must come to an end, so I'll

SOCIAL SECURITY PLANS OUTLINED

Employment Pension Tax Begins in 1936 But is Not Payable Until Jan., 1937—Age Levy Later.

Washington.—Deluged by queries from anxious employers, the social security board emphasized yesterday that federal old-age and unemployment taxes do not become payable until 1937.

The flood of requests from businessmen for information has become so heavy that a form letter has been drafted in the hope of allaying immediate worries over the levies.

In addition to taxes, business is concerned over what information regarding pay rolls and employees it will be called upon to furnish to aid the board in administering the pensions.

Henry Seidemann, the board's coordinator, said today that forms for this information "will be as complete as it is possible to make them, and yet effective for the laws purposes."

The board is working on rules, regulations, forms and procedure for the contributory old-age benefits, which the government will start paying in 1942. Its letter says that until these are completed, the board is not in position to say what will be required of employers.

Similarly, the miscellaneous and income tax units of the interest revenue bureau are studying tax collection plans, but have not yet made sufficient progress for an announcement.

The letter emphasizes, however, that while the unemployment pension tax becomes operative next January 1, the first return, covering the year 1936, need not be made before January, 1937. The old-age levy does not become effective until 1937.

By 1949, the assessment on employers will increase to 3 per cent. of their annual pay rolls for the old-age pension fund, together with an additional 3 per cent deducted from workers' salaries. This tax starts at 1 per cent each for workers and employers in 1937.

Employers of eight or more persons must pay 1 per cent of their annual pay rolls for the year 1936, 2 per cent in 1937, and 3 per cent thereafter to finance unemployment pension systems.

Offsets will be permitted for contributions for state unemployment compensation systems. Disbursements to persons thrown out of work will be made under state unemployment pension plans, although the pension fund will be invested and handled by the secretary of the treasury.

The reason for the increasing attention which business is giving to the social security law became apparent at a recent national convention of a trade group in the capital. One speaker reported that he had figured his social security taxes would be double the amount of his present federal taxes.

Some officials of the board have been concentrating upon the non-contributory state old-age pension features of the legislation.

The board must approve state pension systems before the states can qualify for federal grants of \$15 a month for each needy aged individual and it soon will begin deciding which
