OBITUARY

Margie Hodges Barnes, daughter of Mr. and Mrs. Benjamin Hodges, was born Oct. 28, 1900, and died September 19, 1936. She professed faith in Christ and joined Brushy Fork Baptist church at an early age, later moving her membership to Oak Grove Baptist church by letter where she remained a loyal and faithful member until her untimely death.

She bore her suffering with an unusual degree of patience and put up a hard fight to ward off death, so she might come back to her family that she loved, though she was not afraid to die. When the evening shadows gathered around her faith in Christ was as strong as when she accepted Him as her Savior. All the attention and respect during her illness and death was given her by her family, relatives and friends. The church and community were deeply grieved.

She leaves three sons, Homer, Howard and Harold, one brother, one sister and her mother, with a large number of relatives and friends who mourn because of her death.

We ask that a copy of this be given the bereaved family, a copy kept among the records of the church and a copy be published in The Watauga Democrat.

WEEK IN WASHINGTON

(Continued from Page 1)

Washington still looks longingly upon the Russian market for American manufactured goods and is not blind to the fact that Russia produces great quantities of mineral products which are essential to American industry.

The last appointment made by the President before he departed for South America is regarded here with enthusiasm. That is the naming of Charles Edison, son of the great inventor and head of the Edison industries, as assistant secretary of the navy, the post which the President himself held in the Wilson administration.

Mr. Edison has inherited a considerable share of his father's genius and has developed on his own account a high degree of business ability. The gossips here have it that he is slated to succeed Secretary

Swanson, who is expected to retire from the cabinet because of long continued illness.
