

NEWS AND VIEWS OF THE FARMERS

By H. M. HAMILTON, Jr.
County Farm Agent

There has been so much demand for 47% superphosphate through the agricultural conservation program that the fertilizer companies have been unable to manufacture the ma-

terial fast enough to meet the present applications that are on file in the state office. In order to fill these applications at an early date, arrangements have been made to furnish 20% superphosphate to substitute for the 47% phosphate. Since a number of applications for 47% phosphate cannot be filled until June, the farmers who have not received word to enll for their 47% phosphate are advised to call by the county agents' office and change their application to 20% superphosphate if they do not want to wait until June for their 47% superphosphate.

CHURCH ANNOUNCEMENTS

FIRST BAPTIST
Rev. J. C. Campe, Pastor
"Come and See," were the words of Jesus to those who wanted to know if any good thing could come out of Nazareth. We say, come and see if you would know the way of life through our church program. "Come" is a Bible word that can never be overworked but it can be unheeded. Come with us and we will do thee good, said one of the ancient prophets. Come!

EVANGELISTIC CLUB
The Evangelistic club will have a meeting Saturday, April 6, in the old meeting place. Everybody is urged to be there so we can get started and go forward. If we are not going to have any more meetings, as it has been said, we have some property and money that needs to be taken care of. All members are urged to be there for this meeting.
