

Bundles For Britain Organization Set Up At Blowing Rock

With the opening of the Blowing Rock branch of Bundles for Britain, another link has been forged in the nation-wide chain of the American women's relief organization. Officers of the Blowing Rock branch are Dr. Mary Cabell Warfield, chairman; Mrs. Hal Martin, secretary, and Miss Lena Reeves, treasurer.

The Messerschmitt 109 fighter plane consigned to Bundles for Britain by Lord Beaverbrook, British minister of aircraft production, has started its tour of the United States. Covered by a \$50,000 custom bond, the Nazi plane is scheduled to appear in cities and towns in every state in the union, and all proceeds from its exhibition will be used to further the cause of civilian relief in the British Isles.

This is the fighter type of plane used by Germany to protect bombing squadrons on raiding expeditions. It is a single-seater, low-wing all-metal cantilever monoplane with a speed of little more than 350 m.p.h. Heavily armed, this Nazi Messerschmitt plane carried four machine guns in the wings, two in troughs at the top of the engine cowling, and a small cannon which fired through the airscrew hub, all of which were mechanically operated from the cockpit.

Shot down during a raid on London, machine gun bullet holes through the cockpit of the Messerschmitt attest the deadly accuracy of a Royal Air Force gunner. Five stripes on the tail of the plane indicate that the Nazi pilot had been credited with downing one British, two Netherlands and two French planes somewhere on the continent before he himself was bagged in the "Battle of Britain."

Shipped via Canada through the co-operation of the Imperial Order,

PARRISH TALKS TURKEY; OFFERS HELPFUL HINTS

C. F. Parrish, extension poultryman at N. C. State College, says it's time to talk turkey and offers the following suggestions to turkey growers as a means to more satisfactory results:

Most turkey growers in this state, Parrish says following an inspection trip around the state, apparently are determined not to let this year's crop of turkeys "freeze" and are using brooders at temperatures of 110 degrees. "Don't let the poults jam up too close in the brooders, and on the other hand, don't 'cook' them," the poultryman says, urging that the house should be opened often enough to provide plenty of fresh air.

Young turkeys are great foragers, so plenty of forage should be supplied them on a good range. If dry weather has ruined the range or pasture, soybeans should be planted at once.

Four inches of mash hopper space should be increased to one foot for every two turkeys as the birds near maturity. The turkeys like to "wash their hands" before and after eating, Parrish says, and in providing a suitable "wash room" for them, a piece of wire (hay baling size) should be strung above feed hoppers so that the birds may clean their beaks. This facility lessens feather picking, the specialist added.

MONEY

T. A. Ayers of Roan Valley, recently received a 15-day milk check for \$124, the largest ever received by a Mitchell county farmer for the sale of milk in that period of time, reports F. L. Woodard, Mitchell county farm agent.

Daughters of the Empire, the Messerschmitt plane was consigned to Bundles for Britain at the personal request of Mrs. Winston Churchill, wife of Britain's prime minister and honorary sponsor of the American women's relief organization.

Meet 'Al-Uminum'

No man from Mars or an inebriated costume designer's idea of what to wear to a masked party is "Old Al-Uminum," a display built of pots and pans by a Cleveland, Ohio, Legionnaire to publicize the aluminum collection drive.

FARMERS ARE URGED TO GROW MORE HOGS

A steadily increasing demand for pork has caused Ellis V. Vestal, swine specialist of the N. C. State College extension service, to call on North Carolina farmers for larger hog numbers.

More money in circulation as a result of the defense program, has created a brighter situation for swine raisers. Likewise, the lease-lend act guarantees pork supplies to Britain.

"These factors have brought about a favorable ratio between hog prices and feed prices," Vestal said. "With hogs selling at 10 cents a pound and better, farmers and 4-H Club members may well afford to feed any pigs they have, even if they have to buy some corn as well as protein and mineral."

An average of ten trials conducted by the North Carolina experiment station showed that 10-cent hogs will return \$1.75 a bushel for corn consumed, basis cottonseed meal at \$1.75 per 100 pounds, and fresh meal at \$3.50 per 100 pounds.

Farmers and farm boys wishing to conduct feeding demonstrations are advised by Vestal to use the following procedure:

Weigh the pigs at the beginning of the period.

Use a self-feeder. Blueprints may be obtained from any county agent.

Use shelled corn or ground barley in one compartment, and cottonseed meal and fish meal (or tankage) in the other.

Use the recommended mineral mixture in a dry place. Green feed is important, too.

Keep a record of feed used.

Vestal said county agents will be glad to assist farmers in carrying out these swine-fed demonstrations.

Experiments are being conducted with new types of small airplanes with safety factors better than anything yet known. This would permit the average person to learn to fly within a very short time.

NOTICE OF TRUSTEE'S SALE

North Carolina, Watauga County.

By virtue of the power of sale contained in that certain deed of trust executed by Mrs. Josephine V. Hodgkins to the undersigned trustee, dated January 18, 1935, and duly registered in the office of the register of deeds for Watauga county, North Carolina, in Book 17, at page 122, and default having been made in the payment of the indebtedness secured by said deed of trust, and the undersigned trustee having been required by the Watauga Building & Loan Association to advertise and sell the hereinafter described property, said undersigned trustee will on Monday, August 4, 1941, at 12:00 noon, sell at public auction for cash at the courthouse door in Boone, North Carolina, Watauga county, the following lands and premises, to wit:

First Tract: Beginning at a small Spanish oak, the Leason Hartley old corner, and runs east with the G. H. Duncan line to a spruce pine stump on side of branch; thence north up the branch to a spruce pine stump and laurel on east side of branch; thence west crossing pine hill to Boone road to a small chestnut, and contains 15 acres, more or less. The lines of this tract are to run so as to make full 15 acres. The same being the land deeded to Josephine V. Hodgkins by M. C. Church and wife, Lizzie Church.

Second Tract: Beginning on a white oak on east side of Boone road near the old Baptist church and runs the branch, near A. C. Gilbert's (now north 39 east 49 poles to a birch in Lentz's); thence north 34 west 16 poles to a spruce pine stump on the east side of said branch; thence south 77 west 40 poles to a red oak on the east side of the Boone road; thence with said road 49 poles to the beginning, containing 10 acres, more or less. The same being the land deeded to Josephine V. Hodgkins by Jacob Phillips and wife.

This property will be sold to satisfy the indebtedness secured by the above described deed of trust and also to satisfy a second deed of trust held by said Building and Loan Association, dated April 7, 1937, and recorded in the office of the register of deeds for Watauga county, in Book 17, page 265.

This 3rd day of July, 1941.
W. H. GRAGG,
Trustee.

Adams News

Funeral services for Mrs. Bud Osborne were held at the Oak Grove Baptist church Sunday at 2 o'clock and burial was in the Hines cemetery.

Among those visiting Mr. and Mrs. J. R. Simmons over the week-end were their children, Mr. and Mrs. Norman Atkins of Winston-Salem; Mrs. Julia Potts, Bristol; and Mrs. Stewart Kernals and children of Vilas.

Mrs. B. F. Hodges has returned to her home at West Jefferson after spending two weeks with Mr. and Mrs. Ronda Hodges, near Adams.

Mrs. Clyde Nelson and son of Lenoir, spent Sunday with her father, S. R. Brown.

Mrs. Denney Greene of Cleveland, Ohio, Mrs. John Oliver and Mrs. Olan Eggers of Mabel, were all-day visitors with Mrs. Ina Hayes Friday.

Rev. Earl Colvard and family visited with Mr. and Mrs. Gordon Hodges Sunday afternoon.

J. R. Simmons made a business trip down state last Tuesday.

Jim H. Brown left Monday for Pulaski, Va., where he has employment on a government job.

Miss Ruth Harmon spent the week-end with her sister, Mrs. Ford Hollar.

HERE'S JULY-AUGUST GARDEN WORK CALENDAR

There's much work to be done on the fall garden, and in the home orchard, during July and August, says H. R. Niswonger and L. P. Watson, extension horticulturists of N. C. State College. They have prepared a garden and orchard work calendar for the two summer months.

For the western half of the state, the horticulturists recommend: Sow celery seed in July for transplanting in August. Sow seed of Chinese cabbage in July and lettuce seed in August. Thin plants of each to 12 inches apart. Plant snap beans, beets, carrots, collards, sweet corn, Swiss chard, tomatoes, kale, turnips and turnip salad in July or August. Plant a second crop of Irish potatoes in July.

Suggested work in the home orchard during the July-August period is as follows: Remove old fruiting canes of raspberries, dewberries and blackberries. Burn them. If the leafspot disease is present, spray the new canes with Bordeaux mixture.

Spray peach trees with wet sulphur to control brown rot. Spray apple trees with Bordeaux mixture

to control the rot disease. Spray grapevines with the same material to prevent fruit from rotting.

PEACH CROP IS LARGEST SINCE SEASON OF 1931

The peach crop now being harvested in North Carolina totals an estimated 2,430,000 bushels, and L. P. Watson, extension horticulturist of N. C. State College, says it is the largest crop since 1931. The 1940 peach production in the state was 1,344,000 bushels.

"The peaches in the Sandhills section are of good quality for the most part," Watson declared, "and

there will be no better fruit buy on the market this year than peaches. If the growers are to receive a fair price for their crop, it will be necessary for consumption of peaches to rise considerably over normal consumption. Before we ask people in other states to eat more peaches, we certainly should do our part at home."

The latest fruit situation report of the U. S. department of agriculture indicates a crop of 20,840,000 bushels in the 10 "early" states, all of which will be selling peaches during the next six weeks. This is nearly 50 per cent larger than last year's crop.

A Reminder of the Things You Already Know - To the Best and Finest People in the World, Our Customers!

The Facts About Your Prescriptions

- NO. 1—We have no better friends than your doctor.
- NO. 2—We make no exorbitant claims pertaining to any doctor or his professional practice, but refer you to him, and his guidance about us. He is the one who knows best, because our confidence is mutual and our co-operation is warranted.
- NO. 3—We stock our prescription department fully, according to the information, and professional guidance of your doctor. This insures an adequate supply of the best and purest of ingredients that goes in your prescriptions, and also maintains at all times a fresh supply on hand.
- NO. 4—Your confidence in our store has been time-tested, our appreciation goes out to you, and with it our sincere assurance that our professional efforts in filling your prescriptions are unexcelled in every way.
- NO. 5—We employ a full time, graduate, registered and experienced druggist.
- NO. 6—Our drug store is dedicated to the medicinal service of mankind, erected to the ideals of Americanism, this is your assurance of quality in merchandise, and fair dealing to all peoples.
- NO. 7—Our prices are reasonable on all prescriptions.
- NO. 8—For your health's sake, see your doctor first, then see us.
