

Cove Creek Hi School And Community News

Five members of the Cove Creek senior class, accompanied by Prof. S. F. Horton, attended senior's day at the University of North Carolina last Saturday. Points of interest visited during the one-day excursion were the university campus, Guilford courthouse and battleground, and the university gridiron where they saw a football encounter between Lenoir-Rhyne and the university. Those who made the trip with Mr. Horton were Ethel Aldridge, Bernice Badgett, Rebecca Moore, Dorothy Mast and David Bingham.

The Cove Creek boys' and girls' softball teams were defeated by the Bethel high school squads in a double-header tilt at the latter school last Friday afternoon.

James Horton, son of Mr. and Mrs. J. B. Horton, visited here during the week-end. Mr. Horton, for some years employed in the general accounting office of the federal government, was on his way to Texas where he has been promoted to the position of instructor in the field office of the AAA accounting and auditing department.

Rev. Mr. Pipes, field worker of the Southern Baptist convention,

held a series of stewardship meetings at the Cove Creek Baptist church last week.

Ernest Hillard and a number of his agricultural students attended a sale of Jersey and Guernsey cattle at Morgantown last week.

It was announced here this week that Mrs. Ernest Hillard would teach courses in nursing and first aid every Thursday afternoon in the home economics department. Mothers of the community as well as home economics students are invited to enroll.

Mrs. Herbert Nobles has resigned her position as P. T. A. president and has accepted employment in Asheville for the winter.

There will be a special meeting of the Cove Creek Parent-Teacher Association this Friday afternoon at 3:00 for the purpose of electing officers for the ensuing year. A nominating committee will submit their suggestions to the association at this time.

Mrs. Dora S. Penn and Mrs. Birdie Gilliam Greer have accepted positions as library assistants in the high school for the ensuing year.

First month examinations are being given in the high and elementary schools this week and report cards will be given to the students on Thursday of next week.

L. E. Moody continues unimproved from intermittent heart attacks, his friends will be sorry to learn.

Jack Vaughan, graduate of the high school, visited here last week. Vaughan is now employed in the shipyards at Columbia, S. C., as a defense worker in the sheet metal welding department.

Dana Farthing is constructing a two and one-half story building on his property opposite the grade building which is to contain three apartments, a restaurant and sales room. Solicitation of the tourist trade will be the chief business of the new enterprise.

According to statistics released this week by Prof. S. F. Horton, a relatively large number of last year's graduates are now in attendance at college. Graduates and their respective schools are: Murl Bungarner, Wake Forest; Thos. Holloway, Wake Forest; Thomas Holloway, James Osborne, Ross Winebarger, Geneva Cannon and Ruth Hodges, Appalachian; Louise Lewis and Maxine Bradley, Lees-McRae; Betty Collins, business college, Richmond, Va., and Addie Bingham, Lenoir-Rhyne. Tabulations of other graduates are as follows: Howell Edmiston, Clint Cannon and Carroll Baird, U. S. army; Julia Jo Sutherland, Rebecca Moore, Ella Mae Rominger and Lennis Brown, at Cove Creek high for additional commercial training; Walter Thompson and Darroll Baird, CCC; and Ralph Stokes, assistant manager of Vilas community cannery.

Mountaineers Victors In First Grid Game

The Appalachian Mountaineers started clicking during the last half of the football game with the Newberry Indians on their home field last Friday night to eke out a 14-12 victory. During the first half of the game the local team could not get their plays to work; but during the last half—and trailing on the short end of a 12-0 score—the Mountaineers had everything their way.

The outstanding feature of the game was the excellent passing attack which Watkins' backfield pulled out of the bag. The combination of Hornbeck to Sigmon was really clicking. Hornbeck passed to Sigmon to score one of the Appalachian tallies, and the same combination set up the second touchdown, with Bill Furr crossing the goal line. Captain George Watts kicked both of the extra points, and it was these two points that finally decided the game.

Outstanding in the line were O'Toole, Watts, Coefield and Newmeyer. Carson Coefield played an unusually good game at the tackle position and gave the Indian backfield trouble all the afternoon. Newberry scored both of her touchdowns in the first half, and Appalachian scored both of theirs in the last to leave the final score 14-12.

Bethel School News

Bethel school now has an enrollment of approximately 349 pupils in the grades and high school, with the prospects of new pupils entering after the first month. Twelve teachers make up the teaching faculty, which is headed by Dale C. Norris as principal.

New courses have been added to the high school curriculum this year and the school is endeavoring to make an attractive and varied curriculum in order that the pupils may have a wider choice and more experience. New courses now being offered are: Physics, health and safety. Plans are rapidly being completed toward offering a course in typing. The order for typewriters has already been placed for new typewriters. It is hoped the class will get started before the first month is up. Special provisions are being made to teach music to those pupils desiring to study it.

The school lunchroom opened September 16. About 200 are eating daily. They have painted the interior of the cafeteria. The helpers are Mrs. Carl Matheson, Mrs. Albert Trivette, Mrs. Paul Norris and Miss Vera Hagaman.

Sports
On Wednesday, September 17, the Bethel softball team motored to Boone where they engaged Boone high school in a softball game. The game was hard fought throughout, but Boone defeated Bethel 5 to 4.

The following Friday both the boys and girls played the Cove Creek teams and were victorious in both games.

Saturday, September 20, the senior class visited Chapel Hill where they represented Bethel high school in Chapel Hill's "Senior Day."

PRODUCTION
Crops production in England this year is at a record peak, arable cropland having been increased by one-third in the past two years.

ANNOUNCING THE NEW 1942 Pontiac Sixes AND Eights*

Proud To Be Doing Our Part

Pontiac is doing its part for National Defense by building a new type of rapid-fire cannon for the United States Navy. Two plants, covering 426,123 square feet of floor space, have been devoted to the manufacture of these cannon. Thousands of craftsmen have been trained for the highly technical machines. This means building fewer cars—but Pontiac places defense work ahead of everything else.

- Pontiac Triple-Cushioned Ride—even further improved—is still yours in 1942.
- New Unisteel Bodies by Fisher equal in quality—even exceed in beauty those of any previous Pontiacs.
- Pistons and all vital engine parts are unchanged for 1942.
- Travel of the gearshift lever has been reduced 30%.
- Gas and oil economy has not been sacrificed.
- Front wheel brakes have been increased in size.

SURPRISINGLY ADVANCED in style and luxury, the new Pontiac Sixes or Eights for 1942 today come sweeping into the spotlight—refreshingly new in appearance, but still the same, fine, faithful Pontiacs in time-tried quality. Two series of new Pontiacs include ten widely varied models—among them a streamlined Sedan Coupe in the lower-priced series. New features are many. And in every instance, they represent actual improvement resulting from progress in design. We invite you to come in now to give these new Pontiacs your most thorough and critical inspection. You will find Pontiac today, more than ever, the Fine Car with the Low Price!
