More Than a Million and a Quarter Pounds of Burley Auctioned Up to Tuesday Evening; Sales Heavy Today With Prices Strong

Roscoe Coleman, operator of the Mountain Burley Tobacco warehouses here, disclosed Wednesday morning that pre-holiday sales of burley would close with the sales Friday of this week, and that there would be no sales next week. Sales will be resumed on Monday, December 29th. Sales on the local floors continue heavy and up until Tuesday evening more than one and a quarter million pounds of burley had been disposed of. Wednesday the market was still strong, the average was running well beyond 30 cents in most instances, and warehousemen believed that by the close of the sales at 3:00 o'clock the turnover would be near 100,000 pounds for the day. On Monday and Tuesday 192,000 pounds were sold.

The sales at the local houses have already far exceeded those of last year when only 900,000 pounds were disposed of, indicating that the local market is experiencing a steady and healthy growth. Since considerable quantities of burley are being held for the sales after Christmas, warehousemen are of the opinion that the total for the season will be nearly two million pounds.

On Wednesday tobacco continues to pour in from adjacent counties and states and Thursday and Friday sales are expected to be extremely
