### U.S.O. APPEALS TO **WATAUGA COUNTY** FOR \$500 QUOTA

State Chairman of Service Organization Sends Letters to Local People Asking Their Help for Welfare Program of War Organization

Watauga county is being asked for \$500 for the benefit of the United Service Organization, to further its moral-building program of recreation, and general welfare for the men in the armed services of the

In the absence of a local organization to solicit funds for this cause, George M. Ivey, state chairman of the USO, Charlotte, N. C., is appeal-ing directly to the people of the community and county, by letter, asking for their help in this enterprise. In his letter Mr. Ivey states:

"It takes an average of \$3.00 per man in the army, navy, marine corps and coast guard to provide the morale-building program of recreation, entertainment, welfare, and 'a home away from home' through the facilities of USO, which the war and navy departments and Presi-dent Program! dent Roosevelt have declared to be a definite part of the war effort.

"The state campaign headquarters of USO is using this method of appealing to the patriotic citizens of Boone and Watauga county to contribute to this national campaign in

support of USO.
"'You Help Someone You Know
When You Give to USO.'

"Assure the boys now fighting this war from Watauga county that their families and friends are guaranteeing USO to them wherever they may be by mailing your con-tribution in the enclosed stamped, self-addressed envelope.

"Let's back up the men in the fighting lines by supporting the only national organization providing them with assistance and guidance by trained directors during their offday hours.

Many Contribute
Information from state headquarters of the USO is to the effect that in the physical training field. many local people have already responded to the appeal, and Mr. D. P. Lavietes of the D & P Pipe Works, generously proposes to subscribe ten per cent of the county's his parents, Mr. and Mrs. J. C. Stoentire quota. Others are asked to rie of Blowing Rock, R. F. D.

make their remittances promptly in any amount, direct to Mr. George M. Ivey, 1315 Independence Building, Charlotte, N. C.

for funds in this locality, the following statement by Chester I. Bernard, president of the USO, outlining the policy of the organization, is of in-

terest:
"The United Service Organiza- Ky. tions is made up of six of the important welfare agencies in this country: the Young Men's Christian Association, the National Catholic Community Service, the Salvation Army, the Young Women's Christian Associations, the Jewish Welfare Board and the National Travelers Aid Association. When this service, the Salvation Winkler, of the Rutherwood section. Young Mr. Winkler has been in the army for 14 months and this is his first visit home.

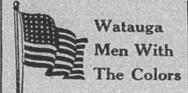

The final date for receipt of applications for this examination is September 16. Application blanks may be secured at the local welfare of fice.

The place for the examination has been checked in the frontal onthorough co-operation with the United States government and en-dorsed by the President of the United States, these agencies came together in a united effort to serve our soldiers and sailors, and in some cases in overburdened communities, defense workers, by bringing to them spiritual, social and recreational values in order that their morale might be maintained.

"Had this not been done, un-doubtedly, the welfare work would have been carried on by the government. I am sure you will agree that if this were the case, much of the spiritual help which is so needed and which plays such a vital part in men and women's lives would be Through the work and devotion of many unselfish people, this work was started over a year ago. At first, there were many difficulties to be overcome because to get together such an enormous undertaking, bringing into united action three religious faiths, was no easy task. However, a real job has bee accomplished and today, the USO, through its member agencies, has 818 operations throughout this

"The assignment of an agency to conduct a specific operation is made in the first instance by a committee consisting of an executive representative of each agency plus a general officer of the USO and is approved by the officers of USO and crippled children's clinic. the executive committee. The practical effect is that each of the agencies has an equal vote and it has been true almost without exception that no decision has been made except unanimously.
