FARMERS CUTTING EXTRA PULPWOOD

Extension foresters are furnishing county agents and farmers with a wide variety of services in connection with the marketing of pulpwood and other forest products, says R. W. Graber, extension forester at State College.

In cooperation with the pulp and paper mills, the foresters supply information on pulpwood prices, kinds of woods, and specifications for cutting the wood.

They also furnish the lists of pulpwood buyers, areas from which, and the railroads on which wood can be shipped to the various pulp mills.

Graber reports an excellent demand for pulpwood and suggests that every farmer, who possibly can cut a few cords of pulpwood or a few logs of lumber this summer during his spare time. War industries are calling for tremendous amounts of wood products.

Graber gives a report from Forester H. E. Blanchard in Brunswick and Columbus Counties: "The pulpwood business is beginning to pick up as farmers are getting their crop harvested. I visited seven farmers during the week, and one agreed to cut sawlogs for sale at the roadside. One agreed to work up the tops, following a sawtimber cut of 260,000

board feet on his place. Three agreed to thin young stands and sell the thinnings as pulpwood. Two of these men are going to do their own trucking to the railroad and the other will sell his pulpwood on the roadside. These owners will use a total of 20 men, not counting themselves."

THE 3rd WAR LOAN DRIVE STARTS - TO BACK THE INVASION!

What you will be asked to do—

MARK well the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest in more bonds—hundreds and thousands of dollars' worth more.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered a choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; 7½% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G."

Waiting for a Voice from Home

Tankman, flier, doughboy—Pete and John and Bill—are waiting tonight to hear a certain voice on the wires. It's a voice that can put more spring in their stride, give them more determination to do their best until firing ceases. For Pete, John and Bill are waiting to hear—a voice from home.

When you're about to place a long distance call, won't you please remember these fellows who need a few minutes—before tomorrow's hard assignments—to talk to the homefolks? Won't you remember, too, that most of these men have to call in the evening, during that crowded period from 7 to 10? And because burdened lines can't be expanded now to meet all demands, won't you postpone your call until the less-busy hours?

When you avoid making long distance calls, or speak briefly if you talk, you're helping relieve the nation's war-crowded communications system. You're also helping bring "a voice from home" to the boys awaiting it. Pete, John and Bill will be grateful.
