Exhibit of Weaving Attracts Interest Here

An exhibit of weaving by Appalachian College summer students given at Watauga Handicrafts center on Wednesday evening, Aug. 22. Two coverlets woven this summer by graduates formed the background of the exhibit, a blue tone by Ella Fagg, teacher of business subjects at the college, and a rose one by Miss Erylene Love, of Vilas, granddaughter of Mrs. John Hartley. Upon these were placed the student weaving—dresses, luncheon sets, bridge sets, runners, towels, purses. The table looms were shown which were used in the plain weave course, which is similar to the weaving taught in a school for occupational therapy. Students demonstrated weaving upon the floor looms, including the loom dressed with the colonial pattern by the class in colonial weaving.

Refreshments were served in the garden. About 200 guests attended. This occasion served also as a "house-warming" for the newly enclosed front porch, which has created

two additional rooms. People of the community are cordially invited to visit the craft house.
