#### PARKWAY WORK TO BE RESUMED

Roanoke, Va., Aug. 27-Hope that construction work on the Blue Ridge parkway, scenic highway connecting Shenandoah national forest in Virginia with the Great Smoky National park in North Carolina, might be renewed by next spring, was expressed by Sam P Weems, superintendent of the parkway, who maintains offices in Roanoke.

"There have been no definite plans made by our national director, Newton B. Drury, of the office of the National Park service in Chicago," Mr. Weems explained. "But we are optimistically hoping that we can begin work on the unfinished sections of the parkway by spring of next year."

The superintendent stated that with the advent of war, work on construction over the entire parkway was halted. At that that, he said, two contracts were still being carried out, both in North Carolina.

"These contracts are still in force," he said, "and when we start work again, these will of course be completed before any other work is

The parkway, when finished, he pointed out, will consist of 437 miles of hard surfaced roadway, landscaped and "equipped" with filling stations and rest stops.

About 330 miles of the parkway have been graded, but only 162 miles have received the final bituminous or hard surface.

#### A Tribute to Watauga War Workers

By BEACH KELLER (USES Interviewer)

"War workers wanted" was the word passed on to Watauga people after December 7, 1941. They responded to this call in full force, leaving a quiet, peaceful life here at home for the noisy shipyards or busy factory. Farms were left in care of those who could not go. Homes were left half finished. Never in history has there been such a migration of workers leaving this county.

You found these people of Watauga not only on the east coast defense jobs, but west coast, Pearl Harbor, Alaska and Panama, in fact any place where workers were needed, you found these people of Watauga county. A great many of these workers went to Oak Ridge, Tenn., years in the state penitentiary aftto help make the atomic bomb a

ing about a complete victory.

The flag of the Pan-American union is a pennant adopted in 1907 and embodies all other colors of the 21 republics of the Western hemisphere

#### SOLDIER VOTE **ISSUE REVIEWED**

Washington, Aug. 25-One of the issues of the 1944 election campaign -the soldier vote - bobbed

again today on Capitol Hill. Chairman Sabbath (D-Ill.) of the house rules committee, voiced a plea for speedy action in insure all service personnel a vote in 1946.

This could be achieved, he told a reporter, by unqualified use of a ballot sent out and administered by the Federal government.

Sabbath declared the 1944 absentee vote law "failed to work" because it specified that Federal ballots could be used only when it was impossible to use state forms.

He asserted that because of such amendments written into the bill by Rep. Rankin (D-Miss.) and others "approximately 75 percent of the soldiers were denied a vote," Sabath said. .

"There is no question but what the Federal government has the right to step in and insure every citizen of his constitutional right to a ballot.

"All this hue and cry about interfering with states rights is pure

Sabbath said he was uncertain whether the Federal ballot should provide only for congressmen, or include state officers, but that this problem should be worked out with the state officials.
