The first concert on the road will be given on Wednesday afternoon, April 7, in the high school auditorium at Mt. Holly. From there the band will journey to Forest City for its evening performance. The following afternoon will be devoted to Rutherfordton and the evening concert is to be given at Hendersonville. KING STREET

MOVEMENT ON FOOT to renumber the houses of the city and to mark the various streets for the convenience of both strangers and natives. Town has grown so much in the past few years that old residents even, are not acquainted with all the new streets. Hear that the street program which was interrupted last fall, its to get going again this spring, with a view to repairing and rebuilding all the streets in need of attention as soon as possible. A lot of streets were made ready for surfacing last fall, but the cool days came and no paving contractor wanted the job. A warm weather concoction.

SNOW FALLS ON EASTER day. Have vivid recollections of another snowy Easter a long time ago. The time we stepped forth in our first long pantaloons. Despite the fact that the ground was covered to a considerable depth, we sallied forth to "meeting"—all dolled up in the salt and pepper suit, with the pencil-like legs, which were the vogue in that day. . . and the little squeaky needle-toed shoes. . . felt pretty cocky and present day youngsters have missed that big thrill for they wear long pants from post-cradle days right on in.

BOONE WILL CONTINUE TO build and grow. All the local contractors say they have their hands full. Most everybody wanting to build a house, a business building, or just do some repairing. One of the builders tells us that the high prices are a little deterrent, and that as a matter of fact, a lot of folks are finding their most favorable time to build. When prices were low, they had no money. Now, prices are way high—but the funds are forthcoming. . . anyway Boone will experience a busy year, from the talk we hear.

CLEAN-UP WEEK has been announced—April 5-17—and the city officials are anxious that the citizens fall in and pull together to make the city spick and span. . . looking for a big lot of visitors this summer and want everything to look good. Let's join together in trying to get the place cleaned up. It will look good to strangers—and rather think we would enjoy it that way ourselves.

FAMILY WASHING hanging on line gives stranger idea of the size of family living there. . . and reminds one of the "blue Mondays" of long ago when the fire was built around the old iron pot in the backyard. . . G. I. collegian sporting whiskers about two inches long. . . teams plowing gardens on the hillsides. . . afternoon coffee sippers not quite so chipper these warmer days. . . spring fever. . . small tot spills ice cream from cone, and doesn't cry. . . maybe wanted a different flavor, anyway. . . the newly painted interior of the Northwestern Bank subject of the conversation about the tellers' windows Saturday. . . Tiny tot quarrels when radio's turned off; says she wanted to hear President Truman. . . Those of voting age evidently didn't. . . lot of kiddies around the

CANCER FUND DRIVE STARTS

Mrs. Ellis Chairman Of Local Campaign; Others To Aid in Work:

Mrs. Bert Ellis has been appointed chairman of the Cancer Fund Campaign which opens April 1st, and runs through the 30th and the following have been named members of the campaign committee:

Mrs. Lee Reynolds, Mrs. Julian Yoder and Mrs. F. E. Warman of Boone; Rev. W. C. Leach, Vaile Crucis; Mr. Harris, Blowing Rock and Mr. Marion Thomas, Zionsville and Cove Creek community.

Watauga county, says Mrs. Ellis, is being asked for only a small amount of money to help fight the disease which killed 8 persons in Watauga last year and 14 the year before. Mrs. Ellis continues:

"Cancer is the largest killer of people in the world today, next to heart disease. Give your small amount for the study and cure of this dreadful disease about which so little is known that seven out of eight of the persons who died in Watauga county, might have been saved, had they known about cancer in time. The money received in this drive is to be used partly to help victims know the symptoms of the disease before it is too late, and to promote research and study of effective treatment of the disease by the medical profession."

Says Dogs Must Get Rabies Shots

Dr. Robert King, district health officer calls attention to the State law that all dogs must be vaccinated against rabies every year. Considering that there have already been a number of outbreaks among dogs and livestock in other parts of North Carolina this spring, the efforts of the town boards of Boone and Blowing Rock to get rid of stray dogs are to be encouraged and commended, says Dr. King.

During the period of April 15-30, 1948, all dogs are to be confined to the owner's premises and any stray or unvaccinated dogs will be shot.

On April 23, they will sing in Johnson City, Tennessee, at Eastern Tennessee State Teachers College, on an annual all college night program in which colleges from Virginia, Tennessee and North Carolina will participate.

SPRING CLEAN UP DAYS SET BY MAYOR OF CITY

Mayor Winkler Asks For Full Cooperation in Cleaning Up the Town Before Summer Comes; Trucks Will Haul Away Refuse.

Springtime and clean-up time go hand in hand, says Mayor Gordon H. Winkler, who is appealing to the people of the city to clean up their premises and vacant lots during or prior to the officially designated clean-up period of April 6th to April 17th.

Due to the fact that large numbers of collegians and other visitors will come to Boone this summer, everybody is being asked to join in the campaign to make Boone more beautiful and attractive by making it clean.

The Boy Scouts of the town are going to assist in checking those who fail to clear premises of trash and rubbish.

Citizens are asked to put the trash and rubbish in a pile where it will not blow away, and where it can be reached handily by the truck. If this is done the city will haul away all the refuse. It is not necessary to call the city hall as to trash disposal. The trucks will make regular rounds for this purpose.

Dimes Won't Work in Parking Meters

Many people persist in putting dimes in the parking meters, it is stated by Mayor Winkler, who points out that the machines are designed to work when nickles and pennies are inserted. Those using dimes, are not only wasting their money, but are apt to receive a traffic ticket to boot.

Those not familiar with the operation of the meters are asked to read the instructions thereon.

Dr. Perry Takes Polio Training

Dr. H. B. Perry, Jr. is attending a one weeks course in Infantile Paralysis at the Knickerbocker Hospital in New York, under the sponsorship of the National Foundation for Infantile Paralysis.

Dr. Perry's appointment to participate in this course was obtained by the local chapter of the National Foundation. The local chapter is very fortunate in being able to send a physician from Watauga county to take this course. Enrollment is limited to 12 physicians from all over the United States.

All phases of Poliomyelitis will be studied, but emphasis will be placed on the early diagnosis and treatment of the disease.
