His demonstration and comments were enjoyed.

## WATAUGA HAS FIRST DEATH FROM POLIO; 6 ARE STRICKEN

Rites Held for Silverstone Child; Four New Cases Are Reported; Health Official Asks Children Be Kept Out Of Crowds; School Closes.

Lonnie Gail Isaacs, 20 months old, son of Mr. and Mrs. Dennis Isaacs of Silverstone, died Sunday morning at the Asheville Orthopaedic hospital, being the first Watauga county fatality of the State's worst polio epidemic. At the same time it is learned that four more cases of polio have developed in the county, bringing the local total to six, while health department officials are urging parents to keep their children out of crowds until the situation clears.

Gravestone funeral rites for the Isaacs child were conducted Monday afternoon at the Mast cemetery by Rev. Ronda Earp.

The survivors include the parents, a twin brother, Ronnie; one sister, Adene, all of the home.

The new cases of polio reported in the last few days are: Lucy Dean Earp, 13, daughter of Mr. and Mrs. Clarence Earp of Vilas.

A 4 year old son of Mr. and Mrs. Lloyd Miller of Tamarack. Robert Perry, 9 months old, son of Mr. and Mrs. Clay Perry, of Zionville.

Cynthia Hodges, 8½ months old daughter of Mr. and Mrs. Fred Hodges of Adams.

Health Dept. Recommendations Dr. Len D. Hagaman, who is acting as part-time county health officer, insists that parents co-operate in keeping their children away from crowds, and believes that if this is done, it may not be necessary to invoke a legal quarantine order.

Dr. Hagaman insists that parents desist from bringing their children to town unless necessary; that they keep them out of crowds and that they do not allow them to go to the movies or similar gatherings as long as there is danger of the spread of polio.

Summer Schools Close

The summer terms of the local demonstration school has been closed, band practice has been discontinued by the High School band, the swimming project of the recreation center closed, and other steps taken by various organizations and groups in an effort to prevent the spread of polio.

Dr. King has capably administered the district health department for the past twenty months. He says no decision has been arrived at as to a possible successor, but that Wade E. Eller, public health sanitarian, will act for the time being as administrative supervisor, and that Dr. Len Hagaman will act as part-time health officer during the emergency.

## Recreation Yet Continues Here

The local recreation program continues in the face of restrictions due to the local curtailment due to Infantile Paralysis.

Last week attendance was good in spite of rainy weather. An average day at the recreation project will record an attendance of sixty-five to seventy persons who come around to play, or watch the activities. The program begins promptly at three o'clock in the afternoon and is in almost continuous operation until ten o'clock in the evening. The response has been encouraging and the equipment is used to capacity.

The skating project has not proved satisfactory because of poor lighting on the street in front of the Demonstration school. Efforts will be made to light this area, or provide another place for skating. The recreation commission urges that the facilities of the program be used. Visitors who wish to look on at the activities are welcomed.

Last week August 2 through 7 a total of 306 persons used facilities at the recreation center, according to Mr. Tommy Thompson, director.
