State Fair
Watauga county farmers had a small number of entries at the State Fair but when the ribbons were distributed they claimed

some of the most desirable colors. We were represented by Holstein cattle from Appalachian State Teachers College, Hereford cattle from Tripple E Farm, Vilas, Hampshire sheep from Shipley Farm, Vilas, Norris Brothers, Reese and Chalmer Phillips, Reese. Corn from Lynn Norris, Reese, Ernest Hillard, Boone, Ralph J. Norris, Boone and Milton W. Moretz, Boone. The A. S. T. C. showed the

junior champion female Holstein and stood in the following places in the Holstein classes listed below:
Bull calf, 3rd place; aged cows, 3rd and 5th places; senior yearling heifer, 1st; junior yearling heifer, 4th; senior heifer calf, 1st, 2nd and 6th; heifer calf, 3rd, and 4th; calf herd, 2nd; Get of Sire, 2nd; Produce of Dam, 2nd.
Ben Rosenbalm was looking after the college herd at the State Fair.

Early Earp, of Tripple E farm, showed the only Hereford from this county at the fair. This heifer was fourth in a strong class of senior heifer calves.
Most of the Hampshire sheep prizes came to the Watauga sheep. Norris Brothers showed both the champion ram and champion ewe in addition to taking the blue ribbon in many classes.
The placing of the Watauga county sheep in the different classes were as follows:
Rams one year old and under two, 1st, Norris Brothers; 2nd and 5th, Norris Brothers; 3rd and 4th, Shipley Farm; Ewes two years and older, 1st, Shipley Farm; 2nd and 3rd, Norris Brothers; Ewes 1 year and under two, 1st and 6th, Norris Brothers; 2nd and 5th, Chalmer Phillips; 3rd and 4th, Shipley Farm; Ewes under 1 year, 1st, 2nd and 3rd, Norris Brothers; 6th, Shipley Farm; Three ram lambs, 1st, Norris Brothers; 2nd, Shipley Farm; Three ewe lambs, 1st, Norris Brothers; 2nd, Shipley Farm; Breeders Flock, 1st, Norris Brothers; Get of Sire, Shipley Farm.

THAT 30-DAY TEST I MADE WON ME OVER TO CAMELS FOR KEEPS...THEY'RE WONDERFULLY MILD!

I'VE SMOKED CAMELS FOR YEARS...I KNOW THEY'RE MILD...AND THEY TASTE GREAT!

PROVE CAMEL MILDNESS FOR YOURSELF!

In a recent test, hundreds of men and women all across the country smoked Camels—and only Camels—an average of one to two packages a day—for 30 consecutive days. Each week their throats were examined by noted throat specialists—a total of 2470 examinations—and these doctors found not one single case of throat irritation due to smoking Camels.

In the class for the ten best ears of U. S. 13 hybrid corn, Lynn Norris took 1st place, Ralph J. Norris, 2nd, and Ernest Hillard, 3rd. We were unable to learn where Milton W. Moretz's corn placed in the open pollinated class.
Three entries were made in the 100 bushel corn special, but these were not placed when we left the fair.
Corn Contest
Seven Watauga county farmers have entered one or more of the corn growing contests for this section and a preliminary check on yields adjusted to moisture content has been completed.
The figures are not final and are subject to change when the top acres are harvested by either the state or county committee.
The preliminary yields are as follows:

produced 100 bushels of corn per acre in 1948, and had the yield verified by a county agent. The certificates are very nice and are signed by the Dean, School of Agriculture, Director of Agriculture Extension, and the county agent.
If you think that you made a 100 bushels per acre, please see one of the agents, so that the field may be checked. Cut corn may be checked under certain strict rules for this certificate.
