**Dr. Yoder Gives
Data on Farming**

Dr. Julian Yoder, member of the geography faculty at Appalachian State Teachers college, has just returned from a meeting of the Southeastern District Association of American Geographers which was held on the University of Georgia campus at Athens last week.

The meeting theme was "Regions Within the South" and Dr. Yoder gave a paper entitled "Agricultural Adjustments in the Mountain Counties of North Carolina, 1900-1945." Dr. Yoder's paper was one of some length, and he made a mimeographed abstract to hand to all members of the Association.

The paper on the mountain counties revealed a number of interesting facts for the time studied. A few of these follow:

In 1899 the seventeen counties produced 6,305 acres of potatoes. In 1945 the acreage had increased to 16,860. Burley tobacco, grown since about 1915, showed 2,280 acres in 1919, and 12,905 in 1945. Farm income from tobacco in 1945 was about \$8,000,000.

In 1919 there were only 1,185 acres of vegetables, excluding potatoes, grown for sale. In 1945 there were 16,046. Acreage plant-

ed in corn has decreased since 1899 from 297,078 to 167,332 in 1945. Wheat has declined from 78,389 acres in 1899 to 8,579 in 1945.

In 1899 there were 136,239 cows, of which 48,521 were listed as dairy cows and 87,718 as beef animals. In 1945 there was a total of 181,532 with 76,320 listed as dairy animals and 105,212 recorded as beef. Thus, dairy cows have increased from 36 to 42 per cent of all cows produced. The improvement in the quality of the livestock is considerably more important than the increase in numbers.

Sheep have declined from 108,176 to 22,196 in 1945; and hogs have declined from 143,582 in 1899 to 53,274 in 1945.

**Permanent License
Viewed by Scott**

Raleigh—Governor Scott got a look at a new license plate the State will put on sale this year.

The new tag is a permanent plate authorized by the 1949 legislature for use on public vehicles. It has black figures on a white background which glows at night to outline the figures.

The new plate, which is made of aluminum, was shown to the Governor by Motor Vehicle Commissioner Landon C. Rosser.

**Bobby Wayne Cox
To Give Recital**

Bobby Wayne Cox, member of the Appalachian State Teachers college music faculty, will present a recital in the college auditorium on December 12, at eight o'clock in the evening.

Mr. Cox's program will include a varied selection, from the old masters to the modern composers. Included are such numbers as Sonata in C Major (Longo 3) by Scarlatti; Chromatic Fantasy and Fugue by Bach; Sonata in C Major (K. 545) by Mozart; Miaden with the Flaxen Hair and General Levine—Eccentric by Debussy; Intermezzo, Op. 118, No. 1, and Rhapsody, Op. 79, No. 1, by Brahms; Sonata in F Sharp Major, Op. 78 by Beethoven; Three Preludes by George Gershwin; Polka from Ballet "On Stage" by Norman Deljo Jico; Gavotte, Op. 12, No. 2 by Sergei Prokofiev; Toccata by Aram Khatchaturian.

Mr. Cox holds B. M. and M. M. degrees from North Texas State college, where he was an assistant in the music department from 1946 through 1948. He came to Appalachian the summer of 1949 as visiting professor of music and has remained as a member of the faculty.

The public is invited to hear Mr. Cox on the night of December 12.

Soviet Russia evacuating prison camps in East Germany.

Moscow seen adopting a new soft policy toward Iran.

Christmas Music

The Westminster Fellowship of the James I. Vance Memorial Presbyterian Church will present a service of Christmas organ music and candle-lighting at 7:00 p. m. Sunday. Wofford Huskey will be at the organ. The public is cordially invited.

Basketball Change

The basketball game schedule for Saturday night, December 10, between Appalachian and East Tennessee has been changed to Friday night, December 9. There will be two games with the B team getting under way at 7:00 p. m.

Housewife urged to employ tactics of engineering in work.

The LeBlanc Corp. has purchased a \$250,000 steel and concrete building with 35,000 square feet of floor space in Lafayette, La., and will remodel it at a cost of more than \$50,000 for the national headquarters of Hadaacol, famous B vitamin and mineral preparation.

Judley J. LeBlanc, founder and president of the LeBlanc Corp., announced the purchase of the building. The small building which now houses the Hadaacol factory will be converted into a garage for the fleet of Hadaacol trucks and for storage space. The office headquarters of Hadaacol, which now occupies a building in downtown Lafayette, will be moved to the new building.

The new Hadaacol building was built in 1945 and is of excellent construction. Remodeling work already has begun and the LeBlanc Corp. plans to move into the new headquarters early next year. Mr. LeBlanc and officials of his organization already have begun making plans for a gala opening of the new headquarters.

"The office and manufacturing facilities will be the most modern possible," said Mr. LeBlanc. "The building will be air conditioned and will have many other features. It is just another forward step in the remarkable progress of Hadaacol."
