## Club Woman's Sandwich

Take 42 club women, well seasoned by the experience of living. These should be firm yet tender. Mix well with equal parts of faith and hope. Sprinkle in the spirit of service and add a dash of pep. Stir in also a heaping cup of tolerance and let stand until all arguments have dissolved and the mixture has cooled. Spread between two slices of courage with all the crust removed and wrap in a cloth dampened with the milk of human kindness. This recipe will serve the entire community.

## Household Hints

To clean a hot water bottle or ice pack: Wash the hot water bottle or ice pack thoroughly and rinse well. Dry it completely away from direct heat which may make the rubber sticky or crack it. Before storing, dust with talcum powder or corn starch. Wrap for storing in heavy paper or store in a box.

To iron linens and other garments that have appliques, embroideries, and monograms, face down on a thick bath towel and iron on the wrong side. Ironing directly on the monogram may flatten the design, rather than make it stand out which is the effect you desire.
