

Early Democrat Files

SIXTY YEARS AGO
Items From The Democrat Of December 19, 1881

Mrs. W. R. Lovill of Sutherland is visiting her mother-in-law, Mrs. E. F. Lovill.

Uncle Harrison Aldridge was in town Monday as gaily as ever, and is very anxious to take a deer hunt with some of the other boys.

Last Thursday while it was raining, two men arrived in town with an educated bear. He danced and performed several other tricks to the amusement of all.

There is now to be seen a beautiful cala lilly in full bloom in Mrs. W. C. Coffey's flower pit. We had the pleasure, a few days ago, of seeing this splendid species of the flower kingdom, and we consider it quite a curiosity for this season of the year in our cool climate.

Prof. Wyke of Norris, who has been teaching there for some time, writes us that he will soon leave that section. We are sorry to lose Prof. Wyke from our county as he is an excellent teacher and a minister in the Lutheran Church.

Trouble has again broken out in the coal mines of Tennessee. The white miners who ran off the convicts some time ago are now engaged in routing the negroes who have been employed in the mines. The Governor says he will return the convicts to the mines as soon as the stockades are rebuilt, and place a heavy guard around each stockade.

THIRTY-NINE YEARS AGO
Items From The Democrat Of December 12, 1912

Miss Nannie Rivers, who has been teaching at Gragg, Avery county, has closed her school and returned to her home in the village Monday afternoon.

Christmas day will be excursion day out of North Wilkesboro on the Watauga Railroad. Chief Engineer Landon is contemplating it. The fare will be something near 35 cents for this new holiday feature.

The box supper at Sands, which marked the closing of David Wyke's very successful school on Friday evening, amounted to a little more than \$11.00, which will go far towards buying the school library, which has been so much sought by the young teacher.

Rev. J. G. W. Holloway and

little son, George, left yesterday for Wilkes circuit, where Mr. Holloway was sent by the recent conference. Mrs. Holloway left Friday for Lenoir where she entered the Foot Hills Sanatorium for treatment.

The Rev. Mr. Starnes, who was assigned to Boone circuit by the recent conference, has exchanged work with Rev. C. W. Jones of Greensboro, who is expected to arrive any day, he having been detained for several days by the illness of his father.

Unlike similar organizations, the Watauga County Fair had a little money left after paying all premiums and expenses, which the management proposes to send out to the exhibitors as second premiums, where such are deserved. This information is furnished by the Secretary of the Association.

Mr. M. S. Harvey, resident engineer, Watauga Railway, was here the first of the week and reported that work is progressing on the large tunnel near the Marley Ford. Owing to the big blasts the ground has become soft, making it difficult to push the work.
