## Take It Easy During Summer, Writer Advises

Do you worry about feeling lazy in the summertime? If so, don't let your conscience bother you. More leisurely activity, both at work and at play, means not only less physical discomfort, but makes you far less vulnerable to accidents and injuries.

According to studies of hot weather accidents by the Institute for Safer Living of the American Mutual Liability Insurance Company, over-exertion often plays an important part in drownings, sunstroke, heat exhaustion and many accidental injuries around the home or while on vacation.

Heavy physical activity in the hot sun can be really dangerous unless you are conditioned for it by an outdoor occupation. Those who work or play outdoors only occasionally should approach these pursuits with a certain degree of laziness.

Gardening and lawn work are among the most common activities leading to over-exertion, which in turn, may lead to sunstroke or perhaps an injury caused by thoughtless use of a garden tool. Take such work in small doses on hot sunny days and preferably save your heaviest work for cloudy days or cool evenings. Always wear a head covering when gardening or when doing lawn work in the sun.

Adults especially, have little business indulging in such strenuous sports as baseball or tennis when the mercury is soaring, unless, of course, they are professionals. Wise golfers will take short breathers after completing each hole. Children and teenagers should be encouraged not to over-indulge in the more active sports and games.

A factor causing many swimming accidents is staying in the water too long when you are unaccustomed to it. This leads to exhaustion. Many fail to reach shore. Rest frequently, especially when swimming in deep water.

Danger always lurks in the woods for tired hikers. Fatigue induces thoughtless actions which

may produce such mishaps as sprained ankles, contacts with poisonous ivy, encounter with a poisonous snake, a had fall, heat exhaustion or even getting lost. Plan your hike so you will reach a good stopping place before you are worn out.

Fatigue while driving on long auto trips, accounts for many fatal highway accidents, so here's another occasion where taking it easy pays dividends in family safety. Frequent coffee or rest stops are a must for vacationing auto travelers. However, being relaxed behind the wheel does not mean that you shouldn't stay alert at all times.

These are only a few of numerous activities where being a bit on the lazy side may save your life, after the thermometer hits 80 or 90. So don't hurry. Chances are you'll accomplish quite as much by mixing rest with elbow grease.

## Rev. Mr. Blaylock Now In County

Dear Friends,  
We are now temporarily located near Boone and will be available for appointments for the next ten Sundays.

One of the main reasons for coming here was because of the heat and I was not well in Statesville. We expect to remain here until the last week in August.

During the time we are here we want to visit as many churches in this section as possible. We will appreciate anything that friends may do to help us to get out these appointments and would like instructions as to how to reach places where appointments are arranged.

Wherever we go, we carry a supply of my own composition; one being my life story of experiences as a missionary to China and a more recent one on the second coming of Christ.

Yours in Christ,  
T. L. BLAYLOCK  
c-o Ellis Coffey  
Rt. 1—Boone, N. C.

**FIREMAN SETS 7 FIRES**  
Alliance, Ohio — A volunteer fireman, Harold R. Haas, 24, admitted that he started seven small fires so he could drive the department's new fire engine. Six of the blazes were grass fires and the other caused \$500 damages to a barn.

## DRIVE IT YOURSELF!

You want a car you'll both be happy with—one that performs for a man, handles easily for a woman. We believe Oldsmobile's the answer. That's why we're launching this special "Double-Date" campaign—inviting you to come in and drive the Super "88" or Classic Ninety-Eight together. See for yourself how the "Rocket" Engine rules the straightaway, how Hydra-Matic's Super Range levels the hills, how the Power-Ride Chassis seems to iron out the roughest roads. Then...

## LET HER DRIVE IT TOO!

You'll learn that Oldsmobile has a double appeal—to men and women alike. She's probably told you already how she loves Oldsmobile's long, sweeping lines and luxurious Custom-Lounge interiors. But at the wheel she'll discover that this big, powerful car is as obedient to her light touch as to yours—with Power Steering\* and Power Brakes\* taking the work out of driving. Come in soon. Discover the double appeal of Oldsmobile... together!

\*These Power Features and new Autronic-Eye are optional at extra cost.
