NAVY TO DRAFT MEN?
Lagging enlistments and the sudden loss of thousands of Korean war veterans at the end of their four-year hitch has forced the Navy, a volunteer force since World War II, to reluctantly turn to the draft to meet its authorized strength. Beginning in November, the national draft will be doubled, with 10,000 young men a month going into the Army and 10,000 into the Navy. Between November and next June, the Navy plans to call up a total of 56,000 young men.

Mental Health Vital Force

Being physically healthy is important, but it's equally vital to be mentally and emotionally healthy, too.

There are frequently signs of bad mental health in families. How does yours rate? Here is a rating list prepared by Corinne Justice Grimsley, State College family life specialist.

1. Is there constant nagging, fault-finding, and complaining in your family?
2. Is there severe, and inconsistent punishment?
3. Is there disagreement between parents on discipline?
4. Is the discipline too harsh or too easy?
5. Is there a lack of praise and appreciation?
6. Is there a lack of affection among family members?
7. Does your family have fun together or is there no family fun?
8. Is yours a religion that is used only on Sunday?
9. Does your family feel comfortable about themselves, take trouble in their stride, are tolerant and have a kindly attitude toward others. They have a sense of humor and look for the best in others. They also can accept responsibility and realize that they do not have all the answers.

Traffic Deaths

There were 16 bicyclists numbered among North Carolina's 991 traffic victims last year. Another 321 suffered injuries according to the records of the Motor Vehicles Department at Raleigh. Most of the victims killed were children under 14 and all were men or boys except one. A single girl rider in the 15-19 age bracket was reported killed. And one oldest in the 65-74 age bracket suffered fatal injuries while riding a two-wheeler.

Slaughter of hogs in the U. S. the rest of 1955 will probably top a year earlier by a tenth or more. Last spring's crop was nine per cent above 1954 and was farrowed earlier.

THRESHOLD

What is education but a broadening of man's knowledge, enabling him to live a better life? Education is like a doorway leading to the fulfillment of dreams and ambitions. Beyond it lies the vast chamber of the mind, and scientists know that in a lifetime most men develop only a small part of their mental potentialities.

In our search for education today, one type is sometimes slighted... religious education. Yet in all the fields of learning what could be more important? Man needs Faith and a knowledge of his Church if he is to reconcile so much that is happening in the world of today with the kind of future he would like to have. In your reading and studies, don't forget religion. There is nothing stuffy about the study of it, nothing dull. It is as significant as yesterday... as full of promise as all tomorrow.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
