All W. M. U. women in the association and others interested in WMU work are urged to come and hear the messages that will be brought.

Posture Week To Be Noted

Correct Posture Week will be observed in the United States May 1-7. This date has been designated as such by the Congress of the United States.

In North Carolina the North Carolina Chiropractic Association promotes the program through its Council on Posture.
Dr. J. B. Morris of Durham, who heads the Council states that educational material has been placed in public and private schools and that illustrated posture lectures and films have been made available for presentation before the student bodies.

The posture program will be climaxed during Correct Posture Week with the finals of the State Wide Posture Contest to be held May 2nd in Asheville in connection with the annual Convention of the Association.
The State winner in both boy and girl divisions will receive a \$500.00 scholarship to the college of his or her choice.

ATTENDS HEALTH MEETING IN ASHEVILLE MONDAY

Dr. Mary Michal was in Asheville Monday, where she attended the North Carolina Conference on Social Service. Dr. Michal also attended a meeting of the Mental Health Association, of whose Board of Directors she is a member.

Nikita S. Krushchev, head of the Soviet Communists party, warned Poland against heeding the blandishments of the West and in effect told the nations of the West that East Europe was "off limits" as far as they were concerned.

Baptists To Give To Hospital Mothers Day

The forty-five Baptist churches of Watauga county will join North Carolina's 2,238 other Baptist churches Sunday, May 12, in contributing to the annual Mother's Day offering for Baptist Hospital at Winston-Salem.

Through this offering, they will make it possible for their hospital to continue serving thousands of men, women and children who are in need of hospitalization or medical care but do not have the money to pay for it.

In 1956, Baptist Hospital gave more than \$500,000 worth of free care to needy sick persons from 92 of North Carolina's 100 counties. This figure does not include the free doctor's care received by these patients. The generosity of the coming Mother's Day offering will determine largely the amount of free care that is possible this year.

Hospital officials report 61,135 visits to the Out-Patient Department in 1956. Operated for those who cannot afford the full cost of care, this department conducts clinics for many patients who do not require hospitalization and thus saves thousands who could not be accommodated in the limited space of the 450-bed institution. However, many of these patients need to be admitted as in-patients and the Mother's Day fund make it possible to give them the hospital care they need.

The slogan, "Honor Your Mother By Helping Another," is being used in preparation for the offering. Through informing all Baptists of the work their hospital does for the needy sick and stressing the importance of providing the funds for this work, Baptist leaders are laying the foundation for what they hope will be their denomination's most successful Baptist Hospital day.

Pitts Infant Dies Thursday

Roger Clifton Pitts, infant son of Mr. and Mrs. Roscoe C. Pitts of Blowing Rock, died April 25 in Watauga Hospital.

Graveside rites were conducted the same day at the Blowing Rock cemetery by the Rev. Alfred Pitts. Surviving in addition to the parents are two sisters, Wanda and Karen, both of the home.

Late blight attacks both tomatoes and potatoes.

Garden Time

By M. E. GARDNER

Visitors are always impressed, one way or the other, when they pass through your town or community. They may not have time to stop and enjoy your friendliness and hospitality, but they do have a chance to observe your homes, yards, streets and certain places of interest which may have been called to their attention. They also see the trash dumps and wrecked car lots.

Many things can and should be accomplished by group action but, in my book, nothing can take the place of individual responsibility. This is especially true as far as our immediate home surroundings are concerned. Need we be reminded of our obligations as home owners and parents by: "Clean-up Weeks"; "Paint-up Weeks"; and such proddings? Could not we resolve, as individual citizens, to devote 52 weeks in the year to the improvement of our surroundings? I can think of no better medium of advertising North Carolina. I am not an idealist in this respect. It is just something I would like to see accomplished.

Don't envy your neighbor's pretty lawn and well landscaped grounds! Get in competition with him. It will boost your own morale and please your neighbor no end. Don't have time? One of the busiest men I know has one of the most beautiful homes in our neighborhood and he does all the

work himself, with the assistance of an occasional helper.

Since I began writing this column I have been more observant as I travel over the state. A couple of weeks ago I passed through a small town which I have always admired. The homes are well kept, the main street lined with maples, and most of the yards well planted and maintained. A few could stand a little help. While not too bad, they detract from the others by comparison. Get in friendly competition with your neighbor.

Timely reminders: Prune flowering shrubs after blooming. Mow your lawn often and never too close. Top dress your grass with quickly available nitrogen often enough to promote growth and good green color. Side dress leafy vegetables with nitrogen to make them tender and succulent. Keep your sprayer or duster in good condition so that you can keep insects and diseases in check.

WE ALL HAVE OUR DREAMS

Yes, we all have our dreams. Perhaps sometimes, they are mere projections of our selfishness... hopes unfair to others... ambitions dangerous to ourselves.

But often, they are healthy, honest aspirations... opportunities which zeal deserves... victories which justice demands.

Is it wrong to dream such dreams? Does God frown on honest hope and love?

Of course not! Rather, God has given us minds able to dream, and souls courageous enough to seek the difficult—even the impossible.

But the Divine Architect helps man to model his castles in the air, and provides the tools for their building. With faith and the guidance of the Church a man may realize hopes and aims which a cynical world calls futile.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
