Linda was selected by the Student Council to be the first of the 1957-58 Business Girls of the Month. Selection is based on qualities of service, leadership, character, a high scholastic average, and plans to enter a business or profession.

Having been active in extra-curricular activities for several years, Linda has had experiences in several phases of the high school program. This year she is vice-president of the Student Council, a member of the school paper staff, homecoming queen, a member of the band, a majorette, and a member of the National Honor Society. Louisiana Favorites

Louisiana is rich in food products and combined in this dish are three favorites.

The shrimp represents the livelihood of generations of fishermen who have sailed from Louisiana Gulf ports. The shrimp boats and nets are still big business, since this is one of our most popular seafoods. A prominent crop is the rice grown in the Southwestern part of the state. It represents a good portion of all the rice grown in the U. S.

An especially delightful section of Louisiana is Avery Island, near New Iberia, where Tabasco is made. Tabasco peppers have been flourishing on the family owned island since before the Civil War and it has been almost a century since Tabasco was first commercially sold. It is unique because of the flavor of the peppers and that it is not cooked like other sauces. Its processing consists of aging like fine wine.

Louisiana, and Avery Island in particular, has much to offer the palate, as this recipe indicates.

Tabasco Shrimp Ibers

3 tablespoons butter	1/4 teaspoon salt
1 garlic clove, minced	3 tablespoons lime juice
1/2 teaspoon Tabasco	2 pounds shrimp, cooked
1 1/2 cups chili sauce	1 cup heavy cream

5 cups hot cooked rice

Melt butter in chafing dish. Add garlic and cook about 5 minutes. Add Tabasco, chili sauce, salt and lime juice; stir in shrimp. Cook, stirring occasionally, until heated through. Gradually stir in cream; heat to serving temperature. Serve over hot cooked rice.

YIELD: 4 to 6 servings.
