Miss Tate, Mr. Scott Are Wed

Miss Wilma Tate, daughter of Mr. and Mrs. William M. Tate of Murphy, and Seth W. Scott, son of Mrs. Paul L. Scott and the late Mr. Scott of Elizabeth City, were united in marriage at the First Baptist Church in Boone on Friday, December 20, at four o'clock in the afternoon.

Rev. L. H. Hollingsworth performed the double-ring ceremony in a setting of palms, lighted candles, and white flowers. Mrs. Graydon Eggers, organist, and Mrs. J. E. Wilson, Jr., vocalist, rendered music.

The bride was attired in a two-piece suit of blue. Her accessories were of winter white and black. She wore a white orchid corsage.

Both Mr. and Mrs. Scott are members of the Faculty of Appalachian Elementary School. Mrs. Scott holds degrees from Lincoln Memorial University and George Peabody College for Teachers. Mr. Scott is a graduate of Berry College and Appalachian State Teachers College.

Following a wedding trip, the couple will reside at 108 Faculty Apartments.

TRADE AT HOME

Garden Club Yule Meet Held

Among the Yuletide gatherings held in the beautiful new home of Dr. and Mrs. William H. Pierson was the December meeting of the Blue Ridge Garden Club.

The Christmas decorations throughout the house were an inspiration to members of the club, especially as they were the theme for the program given by Mrs. B. W. Stallings. Mrs. R. H. Harmon identified several species of holly and recommended a wider use of this versatile evergreen.

Mrs. Lee Reynolds, Mrs. D. L. Wilcox, and Mrs. J. B. Winkler were hostesses to the members and guests, serving a colorful and delicious luncheon.

Club Group Meets Tonight

The Literature and Education Department of the Worthwhile Woman's Club will meet Thursday at 7:30 with Mrs. D. L. Wilcox at 130 Oak Street. Mrs. Gordon Taylor will be associate hostess.

Air Force Voodoo fighter-bomber wins back official world speed record from Great Britain.

Kitchen Is Very Important Room

Most of us spend a great deal of our time in the kitchen. When we build a new home or remodel an old one, the kitchen usually has more money spent on it than any other room in the house.

Your way of living determines what your kitchen should be like. For this reason planning or rearranging it is a very personal matter. Not every old or middle-age kitchen needs extensive remodeling. In many cases, one or two small changes will work wonders in increased convenience and general livability.

Often a new or recently remodeled kitchen, after it has been lived in awhile, will reveal certain shortcomings. Don't be discouraged, even the best designers of kitchens admit this is not unusual.

One thing we all agree on is lots of light in the kitchen. Daylight and sunlight give a cheerful feeling to the room. Give artificial light careful attention. General lighting throughout the room and concentrated light over work areas

such as the stove and sink.

A heat register often cuts into space needed for kitchen cabinets. This can be turned into an advantage by building a sitdown work counter or desk with knee room beneath. The top should be 28 inches from the floor for peeling vegetables or writing without strain.

The materials used in the kitchen must be easy to care for. Natural wood cabinets have become very popular for this reason. They are finished with a sealer and then are given a hard clear surface that only needs a damp cloth rubbed over it to clean.

The kitchen is being combined with the family room to make things more pleasing for mother. She can cook and still join in the family conversations.

DYE AID AGAINST CANCER

London — Methylene blue, a widely used dye for staining bacteria to make them show up well under the microscope, can cure fast-growing cancers in small animals, R. T. Pursell, a veterinarian from New South Wales, has reported in the British scientific journal Nature.

Fashion News

Skirts have gone up one inch—or so the Paris designers say. Also add that this depends on the height and the figure. Could it be that Paris has at last caught on to the fact that American women (and these are admittedly their best customers) will not go along with a fashion idea unless it does something for them.

This is such a change of tone from the usual French fashion release that we felt compelled to comment on it.

The way American women took to the decrees handed down by Paris designers after World War II certainly led them to believe, and with good reason, that we were a bunch of sheep. However, the time has changed.

It has been a slow process but perhaps the "straw" was the little success the latest French design has met with in this country. The one in question is called the "sack dress" and with good reason.

American buyers bought very few of these "sack" numbers. The ones they bought were more for showing than for selling. And, as it worked out, even fewer of these

clothes were sold to American women.

To Get Degree At Emory U.

Atlanta, Ga.—Richard L. Zuber, 709 Faculty Street, Boone, N. C., is among 70 students who completed work toward degrees at the close of the fall quarter at Emory University. Degrees will be formally conferred on all December, March, and June graduates at ceremonies early in June.

Zuber will receive the Master of Arts degree.

SOYBEAN MARKET IN JAPAN

Faced with a prospect of a new surplus of soybeans, the Agriculture Department is taking steps to expand markets for that commodity in Japan.

This year's soybean crop has been forecast as the largest of record, and in excess of market prospects.

Piquant Pastries For Parties

Tabasco and grated cheese added to packaged pastry mix results in the season's best-tasting cocktail fare! Easy to do, and you're assured of crisp, warm nibbling food for your guests, so good that you need serve little else.

Tabasco, one of the oldest food products in the land, (it "came out" shortly after the Civil War!) is still one of the best friends of every food. Does wonders for eggs, for meat dishes of every description, for white sauces and gravies.

Keep the bright little bottle handy, and measure out the proper amount of drops, so that you'll be sure of using enough to impart the delicate flavor and zest for which this liquid pepper seasoning is so famous.

Tabasco Cheese Straws

1 package pie crust mix 1 cup grated sharp American cheese
1/2 teaspoon Tabasco

Turn pie crust mix into mixing bowl; add cheese. Mix with 2 forks until cheese is evenly distributed throughout mixture. Add Tabasco to water called for in package directions. Stir into mixture with a fork. Form into ball. Roll out 1/16-inch thick on lightly floured board or pastry cloth. Cut out with small star or other small cutter, or roll with pastry wheel into strips 3 inches long and 1/4-inch wide. Bake on ungreased cookie sheet in a moderate oven, (375° F.) 5 to 7 minutes for small shapes and 10 minutes for strips.

NOTE: If desired, form all or half of dough into a roll, 1 1/2 inches in diameter. Place in freezer 1 hour or in refrigerator 2 hours, or until firm enough to slice. Cut into 1/16-inch slices. Place on greased baking sheet; if desired, sprinkle with paprika. Bake in a moderate oven, (375° F.) 5 to 7 minutes.

ANNOUNCEMENT

from

SHOEMAKE & COUNCILL OIL COMPANY

503 E. Howard St. Boone, N. C.

To Our Friends and Customers:

Beginning Wednesday, January 1, 1958, We Will Be Affiliated With

Sinclair Refining Company

As a distributor of Sinclair gasoline, kerosene, fuel oil, and all related products. We will be serving you with these fine products as we have served you with Gulf products in the past, with our usual prompt, efficient service. Our operation will continue bigger and better, and we believe more satisfactory, if that is possible.

Our Telephone Numbers Are

DAY, AMherst 4-8970 NIGHT, AMherst 4-3206 or 4-3921

THANK YOU
