That girl at the blackboard is Ellen Blake. She is a nixth grade student at Fairview Heights School, and she has just written my name. I'm the new teacher—Mary Thomas.

Being a teacher is a big job. Each Sunday I say a special prayer for guidance in my work, But I am special prayer that the task of training these children for good citizenship is one I can't possibly accomplish alone.

This is a wonderful age, but it is often terrifying. There are so many diversions, so many activities and so much knowledge that seem apart from the Church. And yet God created everything, and God's love is universal. Today's children need help that only the Greatest Teacher of all can give them. They need the teachings of the Church, and a firm basis of Faith. I'm gratified when I see so many of my students at church with their parents. The Church needs all; all need the Church.

each for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church stelf, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
