

Bethel School News

Everyone came back to school willing and eager to study hard and learn all they could.

We would like to welcome three new teachers to our faculty. Mrs. Carolyn Taylor is teaching science and home economics; Mr. Thomas Wright, business; and Mrs. Joan Greene, English.

We have been having very good meals in the cafeteria this year. The menu for the week of October 13-17 is as follows:

Monday—oven fried bologna, buttered green beans, cole slaw, creamed corn, chocolate cake, hot corn muffins, butter and milk.

Tuesday—Salmon loaf, creamed potatoes, buttered carrots, sliced tomatoes, peach cobbler, crispy corn bread, butter and milk.

Wednesday—Baked shellie beans, macaroni with cheese, cole slaw, Jello, homebaked cookies, hot biscuits, butter and milk.

Thursday—Roast turkey with dressing, candied sweet potatoes, tossed salad, cranberry sauce, buttermilk cake with chocolate icing, hot rolls, butter and milk.

Friday—Oven fried liver mush, steamed rice with gravy, Harvard beets, banana pudding, hot rolls, butter and milk.

Our cafeteria is under the very capable management of Miss Vera Hagaman. Her helpers are Miss Mary Tester and Miss Laura Hagaman.

The P. E. classes have begun practicing basketball and the teams will be chosen soon. Several students are going out for basketball this year.

The home economics classes have just completed cleaning and painting their room. We are proud of the work that has been done and we hope to get moved into it in a few weeks.

We are glad to welcome Kefer Presnell to our class. He comes to us from Cleveland, Ohio.

Daryl Wilson went to school in Texas last year; Wilma in Virginia.

The third grade is a group of 26 lively children; 18 boys and 8 girls. We have had very few absences so far, with the exception of Carolyn Moody who was absent last week due to a bad case of poison ivy and Roy Keller who has been absent due to a severe cut suffered in a car wreck Sunday.

Miss Sherill's Fourth Grade
Our fourth grade is getting off to a good start. There are fourteen boys and eighteen girls. We are trying to learn to be honest, dependable boys and girls so our teacher and friends can trust us.

Woman's Army Corps Captain To Visit Boone

Captain Lydis Bray, Career Guidance Officer for the Women's Army Corps will visit Boone, Friday, Oct. 17 to promote three WAC programs. First, the enlisted program for high school graduates which may include choice of a service school; second, the College Junior Program which offers one month's summer training to selected applicants completing their junior year; third, the Direct Commission Program offers college graduates a junior executive position as First or Second Lieutenants.

Captain Bray's experience and training in the Women's Army Corps fully qualifies her to discuss all facets of the enlisted and officer programs since she has served as an enlistee and later attended Officer Candidate School. She is a graduate of Carson-Newman College, Jefferson City, Tennessee and has ten years military service to her credit. Her varied experiences in the WAC include working with new trainees at the WAC Center, Special Services, Public Information, Recruiting, Machine Records, and other assignments in administration.

Captain Bray listed her tour as Commanding Officer of the WAC Detachment, West Point, New York, as her most interesting state-wide assignment.

Spain, Germany, England and Belgium were some of the countries she visited while stationed at U. S. Army Headquarters, Orleans, France. Over 400 colored slides are visual reminders as are the miniature spoons she collected.

Women desiring information about career opportunities in the Women's Army Corps should contact Capt. Bray at the Postoffice between 12 and 4 p. m.

Washington News

Washington, D. C.—The elections are rapidly approaching and President Eisenhower has decided to play a more active role in their outcome—after a good report from his doctors following another thorough physical checkup.

Yet there is a minimum of hope for the Republican Party in the upper legislative body. Moreover, off-year odds weigh against G. O. P. candidates in the house races as well. The Senate picture is grim because more G. O. P. seats are up for grabs than Democratic.

And many of the Democratic seats are in the solid South. Thus President Eisenhower's help is certainly indicated and with Sherman Adams gone from the White House, and this issue modified—to that extent—Republican party workers are hoping to change the outlook between now and election day.

Whichever party wins control it seems that a shift to the left might be likely. In the Senate, the Democrats who seek to replace Republicans, especially those thought to have a good chance, are usually more to the left than their G. O. P. opponents. And in Democrat-versus-Democrat races, the more leftist candidates seem to have the edge in most of the races.

It is also thought that several Republican incumbents might be unseated by more "liberal" intraparty opponents. The pattern is probably the same in House races, although there are too many of these contests to analyze the entire picture accurately. (All 435 House seats expire each two years.)

As interest mounts concerning the November election speculation increases over a possible congressional move to limit the mush-

rooming authority of the Supreme Court. Even lawmakers who are not embroiled in the forced integration program being directed by the high court, and many non-Southerners have misgivings about the direction of the highest court.

In cases concerning communism, and in other cases concerning the rights of states in the economic field, the court has stepped on the toes of governors, state legislatures and Congress. Recent support for this belief came from the annual convention of states' rights chief justices.

At that meeting in California a three-to-one margin of the chief justices voted what amounted to a stern rebuke for the top court. But notwithstanding this the highest court has issued the most far-reaching injunctive opinion ever rendered.

The chairman of the House Rules Committee, Rep. Howard Smith, who in the recent session successfully maneuvered his court-limitation bill through the House,

says he will introduce another similar bill at the beginning of the first session of the 86th Congress.

Only Senator Lyndon Johnson's weight prevented this bill (the Smith bill) from passing the Senate in August. Along with this fight will come another on rule 22—the rule permitting filibusters until two-thirds of the membership votes to limit debate.

Opponents are saying this two-thirds rule is a deadlock for liberal legislation. Supporters argue that if two-thirds of the Senate membership doesn't want to limit debate, freedom of speech in the Senate should prevail. Sixty-four votes now limit debate; there are ninety-six Senators, of which only eighteen form the solid Dixie bloc.

The State Department was the scene of some of the fast footwork during the recent climax of the Far East crisis: Secretary of State Dulles was much affected by the views of British Foreign Secretary Selwyn Lloyd, and—as it turned out—Dulles and U. S. policy was softened somewhat.

The British view is that had it

not softened, the United States would now be involved in another "incident" in the Far East, without actively supporting allies.

Elk; Von Potter of Trade, Tenn., and Betty Jean Lunsford of Butler, Tenn.; Roy R. Wagner of Wilkesboro and Grace S.
