ADDED PAYROLL IS SOUGHT

Second Expansion Being Planned At Shadowline

Campaign Slated To Start First Of Month

Watauga Industries, Inc., Mr. Glenn Andrews President, has announced plans for a campaign to raise funds for again enlarging the Shadowline plant in Boone, so as to provide ten thousand feet of additional floorspace, and provide employment for an additional 150 people in the local lingerie factory.

Information is that Shadowline is already crowded in the present building which was enlarged last spring, and that the second addition to the plant is urgently needed to take care of the orders available to them.

Watauga Industries is a local corporation designed to supply funds for industrial expansion in the community and has financed the Shadowline plant through stock subscriptions. The stock is good, is presently paying a cash dividend, and it is felt that the people will respond quickly to the new appeal and subscribe the necessary additional funds quite as readily as they have met the Shadowline needs previously.

Harris Heads Campaign

Stanley A. Harris has been drafted to head the campaign for the new Shadowline expansion, which is to get under way March 6. Following are excerpts from a letter which has been mailed out in this area, and which is signed by Watauga Industries, Glenn R. Andrews, president:

"You have heard, no doubt, that Shadowline Industries are anxious to make another expansion. They want at least 10,000 square feet of additional floor space, and that will make it possible for them to employ close to a total of 325 people. They are already crowded in their present building, and they have simple orders to need an additional 150 people.

"We have dealt with Shadowline for three years now and have found them anxious to be good citizens. They are fair in their business dealings, and it is an

One-way traffic was being maintained at the time George Flowers made this picture. Highway crews cleared the way and normal traffic was resumed later in the day. The rock was said to have measured more than twenty feet across.

College Purchases 28 Acres

Raleigh — The governor and Council of State Monday approved deeds by which Appalachian State Teachers College will acquire about 28 acres of land adjoining its campus at Boone.

The state will pay the heirs of Dr. B. B. Dougherty and D. D. Dougherty \$112,361.34 for the land, to be used as the site of a new football stadium and two new college buildings. Dr. Dougherty was the founder of the college and its president for many years.

The deeds call for the transfer of 1.9 acres on Faculty Street at a price of \$24,688.65, a 5.487-acre tract on Faculty Street for \$48,874.69 and a 19.399-acre site adjoining the southern boundaries of the campus for \$38,798. College buildings will be built on the first two sites and the football stadium on the third.

At the same time the state received from the Dougherty heirs at no cost quitclaim deeds for three tracts of land on which college facilities are located.

These are: 1.14 acres on Appalachian Street on which part of the present football field and the old boys' gymnasium are located; 1,800 square feet on which a corner of the new physical education building is located; and 9,365 square feet on which the college reservoir is located.

MAYOR'S PROCLAMATION

Brotherhood Week

Mayor Gordon H. Winkler has made public the text of a proclamation which he has issued commending the observance of Brotherhood Week.

The proclamation is as follows: Whereas, Brotherhood Week, sponsored by the National Conference of Christians and Jews, gives freedom-loving people an opportunity to rededicate themselves as individuals to the basic ideals of respect for people and human rights, which are essential to our way of life; and

Whereas, the fathers of our country defined the purpose of its founding to be "to form a more perfect union," and in the words of George Washington to "give to bigotry no sanction, to persecution no assistance" and

Whereas, our way of life, granted to us as a heritage which we must safeguard for future generations, is threatened by the forces of communism, which would destroy our liberties; Now, therefore, I, Gordon H. Winkler, Mayor of Boone, do call upon our citizens to join with other Americans in the observance of the week of Washington's birthday, February 21-28, 1960, as Brotherhood Week, a period to affirm anew and to rededicate ourselves to the practice of the brotherhood of man under the Fatherhood of God.

Scouts Have Golden Jubilee

Mr. Harris, Dr. Owsley Get Scout Honor During Recognition Night

Dr. Lawrence H. Owsley, of Boone, and Stanley A. Harris, of Sherwood, were honored Monday night for their many years service and work with Boy Scouts. They attended the annual Old Hickory Council Recognition Night meeting at Wake Forest College in Winston-Salem where Dr. Owsley was given the coveted Silver Beaver Award and Mr. Harris was given a plaque recognizing his 50 years of work in Scouting.

Dr. Owsley is one of three Watauga county men who are holders of the Silver Beaver Award, according to Watauga District Chairman B. W. Stallings. The other two are Clyde R. Greene and Mr. Stallings.

The Silver Beaver Award is made for "noteworthy service of exceptional character to boyhood by registered scouters within territory under jurisdiction of a local council," according to Roscoe Setvens, Old Hickory Scout Executive. It is the highest award made to volunteer Scouters in the Council.

Chairman Stallings said, "This award is the way a council has to show appreciation to its leaders who have done an outstanding job."

Dr. Owsley has been active in Scouting for many years and has been one of the leaders in council and district work.

The recognition night in Winston-Salem highlighted the Jubilee celebration of Scouting in America. Mr. Harris' 50 years of service to Scouting coincided with the 50 years of scouting in this country. He has served the Scouting movement professionally and as a volunteer. Since retiring from the professional field he has been active in all fields of Scouting in Watauga county.
