BUILDING SITE—Homer Shore operates bulldozer in stump field where addition to Shadowline plant will be built. Hubert Inman, plant engineer (left), and John D. Broyhill, administrative assistant, watch as the stumps are pushed from the ground.

JULY 1 SET AS COMPLETION DATE

Ground Broken For New Addition Garment Plant

10,000 Feet Of Floor Space To Be Added

Watauga Industries, Inc., began work of clearing ground for an addition to Shadowline, Inc., last week and already stumps have been pushed from the site. Bulldozing was done the last of the week and the first of this and, foundation work was expected to be started immediately.

When finished, Shadowline will have 10,000 square feet more floor space, besides new offices, reception room, and a receiving dock. According to blueprints at the plant, the main addition will be on the west side of the building and will cover a space of 50 feet by 200. A receiving dock will be located on the north side of the present structure, and new offices will be built.

The main addition will be joined to the building by removal of a temporary wall, placed there in anticipation of such an enlargement. This will be placed on the side of the addition, so that even more building may be added if growth of the plant warrants.

The present receiving and shipping dock will be used for shipping only, according to Hubert Inman, plant engineer. This will cause an even flow of raw materials and the finished products.

Three offices will be built, one on the east of the present building, and two on the southeast. The present plant superintendent's office will become a part of the general office, with removal of a partition.

The reception room will be of modern design, with glassed outer walls. It will fill a long-felt need, as the only place for Shadowline callers now is a small hall leading into the main working office.

The permanent part of the addition will be of brick structure, and will blend with the present building.

Completion date for the project has been set by Watauga Industries for July 1.

Sunrise Service At Blowing Rock

The combined churches of Blowing Rock will conduct a sunrise service at the Baptist Church East on Sunday morning at 8:00. Special music will be presented by the Presbyterian Choir. The public is invited.

MAKING WAY FOR PROGRESS—One of two houses being removed from site where college's Home Economics building and Home Management House will be built. Work is expected to get underway on buildings this summer. Almost directly across Faculty Street from the Home Ec. buildings will be built an Industrial Arts plant. Work on this latter project is not expected to start until after the Home Ec. buildings are begun.

Members Board Of Education File, Subject To May Primary

Dr. Charles Davant of Blowing Rock, H. W. Mast, Jr., and Grady Moretz, Jr., have filed their candidacy for members of the Watauga County Board of Education, subject to the action of the Democratic voters in the primary of May 28. All are incumbents.

Those desiring membership on the board for the term beginning April 1, 1961, must file in the primary, according to an act of the last session of the General Assembly. Those receiving the highest vote are to be given the approval of the Legislature.

County Superintendent W. Guy Angell, in announcing the filing of the members of the board for re-appointment, released the following statement:

Some of the major accomplishments of the board during the past five years:

New buildings completed: Valle Crucis Elementary School addition; Bethel Elementary School addition; Blowing Rock Elementary School addition; Cove Creek gymnasium; county school bus garage; Board of Education administrative building; Watauga Consolidated School under construction.

Full time school building maintenance program organized to make necessary repairs and renovate existing buildings.

A concentrated effort has been made to accredit all elementary schools in the county. Since 1956, five elementary schools have been accredited by the State Department of Public Instruction. Only two schools have not been approved and dates have been set up for an evaluation of those schools this spring and indications are that all schools should meet the minimum state requirements by the close of the current year.

Adequate library facilities have been provided in all schools.

In the fall of 1959, all school buildings acquired a sanitation rating of grade A.

School cafeteria programs have been improved through the construction of three new cafeterias and the renovation of all existing buildings. Seven of the nine cafeterias have acquired a sanitation rating of grade A.

WADE E. BROWN

Brown Runs For Senate

Attorney Wade E. Brown of Boone, long prominent in public affairs, has filed his candidacy for the State Senate subject to the May Democratic primary.

Mr. Brown who has served in both the Senate and the House, is past Moderator of the Three Forks Baptist Association.

In filing, Mr. Brown released the following statement:

"After serious consideration and discussion with some of my friends and others interested in the welfare of Watauga, Ashe, and Alleghany Counties, as well as North Carolina as a whole, I have decided to offer as a candidate for the North Carolina State Senate for the 29th Senatorial District subject to the result of the Democratic Primary in May.

"There will be many serious problems for North Carolina General Assembly to face during the 1961 session and it seems important that the members should be of the best quality available. I consider the proper education of our children our number one problem and our greatest opportunity. We

Three In Family Adept At Speaking

MRS. LEWIS HENSON

JEAN LOVE

JIMMY LOVE

An outstanding record has been achieved in the field of public speaking by three members of one family. All three have won the same public speaking contest, in different years, and have earned a trip to New York and the United Nations headquarters.

They are Mrs. Lewis Henson (the former Miss Ruth Love), Jean Love, and Jimmy Love, children of Mrs. Coy Love and the

late Mr. Love, Baird's Creek community.

Mrs. Henson, a senior at Cove Creek School, won the public speaking contest and earned a trip to New York. Last year, Jean Love, a junior, equalled her sister's record and won the same honor.

Last week, Jimmy Love, a ninth grader, was winner of the same contest, and will make the trip to New York and United Nations

headquarters in May.

The three speakers attended elementary school at Valle Crucis, and upon graduating from the elementary grades, became students at Cove Creek High Schools, where they achieved this honor.

All three students have been on the distinction lists at their schools.

Boone's Annual Clean-Up Days Will Start First Week Of May

Boone's annual Clean-up, Paint-up campaign is scheduled to get under way Monday, May second and continue until May 20th, during which period its sponsors are anxious that the town be cleaned up, and made attractive prior to the opening of summer school and the summer tourist season.

The Women's Chamber of Commerce Committee, with the President, Secretary and Mr. Glenn Andrews held the initial meeting. Mrs. Lee Reynolds was named chairman of the committee which includes Mrs. Herman Wilcox, and Mrs. Connie Houck, who will work with the heads of all the Garden Clubs.

The city officials will be asked for their usual cooperation in the matter of clearing away vacant

lots and hauling the trash away.

The matter of painting will be emphasized during the campaign. It is the purpose of the campaign to make the entrances to the city more attractive, and shrubbery and flowers will be planted about the entrance signs. Vacant lots in some cases will be planted with flowers, and their owners will be asked to aid in their beautification. Seating facilities may be provided in some cases.

More trash cans on the streets will be stressed, and a better system of handling garbage will be considered, the Chamber says.

Under the leadership of Mrs. J. C. Goodnight the Woman's Committee is getting its membership campaign under way. Assisting will be Mrs. Mae Miller, Mrs. O.

K. Richardson and others. This committee, says President Wilcox, has several worthwhile projects in mind that will mean much to the community, if accomplished.
